

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. A small, dark, irregular stain is visible near the center of the page. The left edge of the page shows the binding of the book, with some visible stitching or glue. The overall tone is warm and slightly yellowed, consistent with the age of the document.

# JOHN GRUNAU'S GRIP SLIPPING.

Many Desertions from Ranks of Chicago Strikers.

Railmen Tiring of Outlaw Walkout; Feel Hunger.

Three Union Leaders Are Indicted in Denver.

(CHICAGO, Sept. 13.—Peace, which seemed certain last night in the ranks of disrupted railway employees, suffered another upset today when the outlaws voted 21,991 to 21,365 against a settlement. Leaders of the outlaws are making desperate efforts to hold their men, but it is reported there are many desertions. Winter is not far distant and jobs are not as plentiful as they were two months ago. Hence many men are weary of the strike and the violence are anxious to have an end to it all and get back to work.  
The breaking point between the railroads and the outlaw officials appears to be the question of seniority. The strikers were warned repeatedly that if they remained out they would lose their seniority rights. The limit set by the roads passed months ago, but now the men are asking that they be restored to full rights. This, it is pointed out, would precipitate a clash with the brotherhood men who remained loyal and the roads announce definitely that the strikers must come back without status and secure employment as new men.  
LOSING GRIP.  
The most margin by which the outlaws voted to continue the strike indicates that Grunau and other leaders are losing their grip on the situation. A vote is being taken in all railroad centers and it is thought that other points will vote to end the strike. Returns from outside points will be in by Wednesday. There are ugly charges of bribery of outlaw officials. Railroad officials say they are taking back the rebels at the rate of about fifty a day, but those guilty of sabotage and slugging will not be re-employed.  
Employment agencies, which practically went out of business during the war when any sort of laborer could pick his own job and name his own hours and salary, are now flooded with applications for positions. They say there is a marked falling off in demand for labor, both skilled and unskilled, and that the supply now far exceeds the demand.  
Everywhere there is a tendency

on the part of the public to dispense with luxuries and many necessities, under the hope that a readjustment to at hand and prices of everything will take a decided drop. Merchants also are buying in limited quantities and manufacturers report many cancellations of orders. As a result, large numbers of men are being laid off in factories and stores until conditions improve. There also has been a flood of men drifting in from the East, seeking employment. There is very little building and contractors say they do not care to undertake any work at the present price of materials and labor, and the danger of daily strikes.  
Railroads have issued orders canceling any further movement of track laborers, and other manual help to points west of the Mississippi, where formerly they flowed in an endless stream. Employment agencies say the average number of men they are now unable to place is reduced to one-fifth of the number placed year ago.  
UNIQUE SUGGESTION.  
(BY A. P. NIGHT WIRE)  
NEW YORK, Sept. 13.—A unique suggestion of a laborer's union controversy was offered today when the strike committee of the van teamsters' union, challenged the van teamsters' union, to debate the issues of the teamsters' strike, which started last week, in Madison Square Garden. The teamsters suggested that two-thirds of the garden be allotted equally to friends of the van teamsters' union, and the remaining part thrown open to the public.  
INDICT UNION LEADERS.  
(BY A. P. NIGHT WIRE)  
DENVER, Sept. 13.—Three leaders in local union labor circles, one of whom is the Colorado State Federation of Labor, were indicted today by the special grand jury of the district court for conspiring to strike the street-car men, in which several persons were killed and much property damage done.  
The three indicted were: William C. Thornton, vice-president of the Colorado State Federation of Labor; William J. O'Brien, former president of the Denver Trades and Labor Assembly.  
The report returned today also included indictments against three other persons, whose names were not divulged. Forty-six previously were indicted.  
GOVERNOR'S EFFORTS FAIL.  
(BY A. P. NIGHT WIRE)  
NEW YORK, Sept. 13.—Gov. Smith announced tonight after conference with representatives of striking Brooklyn Rapid Transit Company employees and with Federal Judge Weaver, legal custodian of the company, that his efforts to effect settlement of the strike had failed.  
Gov. Smith conferred with Samuel Gompers and James H. Vanoy of Boston, general counsel for the American Federation of Street and Electric Railway Employees.  
MUSICIANS GET RISE.  
(BY A. P. NIGHT WIRE)  
CHICAGO, Sept. 13.—Granted a 40 per cent increase in salary, moving-picture theater musicians, who have been on strike since July 1, were back in their places today. Ninety per cent of the city's theaters were affected by the strike.  
WANT EIGHT-HOUR DAY.  
(BY A. P. NIGHT WIRE)  
ST. LOUIS, Sept. 13.—Universal adoption of the eight-hour day for street carmen was demanded at the convention of the International Association of Fire Fighters, which opened today, according to delegates who arrived last night.  
SCRANTON (Pa.) Sept. 13.—Return to work of the men employed in the Greenwood colliery of the Delaware and Hudson company, was the only new feature in connection with the mine strike situation locally today.  
KANSAS CITY (Mo.) Sept. 13.—Word was received from Samuel Gompers that he will not be able to attend the convention of the International Brotherhood of Boiler Makers and Iron Shipbuilders, which opened today.  
Fifteen hundred delegates were present today.

# BRYAN JUNIOR QUITS TUCSON.

Goes to Nebraska to Join His Noted Father.

Returns of Arizona Elections Being Canvassed.

Alleged Unjust Freight Rate Hearings Held.

(PHOENIX, Sept. 13.—William J. Bryan, Jr., for several years past a resident of Tucson, is understood to have joined his father in Nebraska. His place on the Board of Regents of the State University has just been filled by Gov. Campbell, in the appointment of E. W. Hudson of Mesa, one of the leading national experts on Arizona Egyptian cotton.  
CANVASS RETURNS.  
Under the law, the Supervisors of the fourteen Arizona counties are canvassing the primary election returns today and tomorrow. At the office of the Secretary of State there is belief that a consolidation of the county reports can hardly be secured before Friday. There is doubt only in the Democratic nominations for minor offices.  
EXAMINER KEENS OF THE INTERSTATE COMMERCE COMMISSION is hearing four complaints of local origin, alleging discriminatory and unjust freight rates to Arizona points. The main case affects the freight rates on cement to Phoenix from Riverside, Cal., and El Paso, Tex. The other cases concern sugar rates from California points to Phoenix and vegetables from Los Angeles and the rate on apples from Watsonville.  
BODY IS IDENTIFIED.  
The man lately drowned at Ehrenberg, when his car ran from the ferry boat, has been identified as Joseph J. Broderick of Phoenix. He had started for Los Angeles after securing extension of time from the Phoenix Land Office covering his residence on a tract of land in the Buckeye section, near Hugh Broderick, lives in Townsend, Mont.

# Villages Lost, Many Drowned in Big Typhoon.

(BY CABLE AND ASSOCIATED PRESS)  
MANILA, Sept. 13.—Heavy loss of life and property damage resulted in the northern provinces of Luzon Island, of which Manila is the largest city, from the typhoon and floods of August 30, according to advices received today over communications facilities which were prostrated by the storm.  
Several towns and villages were practically destroyed, many of the inhabitants drowning. The damage to rice and tobacco fields of the northern provinces was especially heavy. The insular government has taken measures to extend relief to the homeless.  
COMMUNITIES SERVED  
MUST SAVE RAILWAY.  
HEARING ON APPLICATION OF COMPANY TO QUIT SERVICE IS CONTINUED.  
(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Sept. 13.—To give the communities served by the Ocean Shore Railroad opportunity of saving the line, Railroad Commissioner Frank C. Devlin continued until October 1 the application of the company to abandon its tracks.  
The present plight of the company, according to J. W. Crosby, its auditor, was due to inroads on its freight and passenger business by auto trucks not under the jurisdiction of the Railroad Commission and by privately owned automobiles.  
The Ocean Shore recently suspended operations after most of its employees struck for wage increases.  
The company has made no profit since 1912, and now has a deficit of \$144,187, according to Mr. Crosby.

# GEN. FAYOLLE TO BE GUEST OF LEGION.

OFFICIAL WHO COMMANDED AMERICANS COMING TO CONVENTION AT CLEVELAND.

(BY CABLE AND ASSOCIATED PRESS)  
PARIS, Sept. 13.—Gen. Marie Emile Fayolle, regarded as having more to do with the direct employment of American troops than any other French commander, will represent the French government at the coming convention of the American Legion in Cleveland, Marshal Foch, who was unable to accept the Legion's invitation because of unsettled European conditions, requested that Gen. Fayolle be designated, and Premier Millerand and Minister of War Lefevre acquiesced.  
Gen. Fayolle occupied the highest French command next to the Marshals during the closing phase of the war. He commanded group three of the French armies, two of which—those of Gen. Maistre and Degoutte—made counter offensives July 18, 1918, in which the First, Second, Third, Fourth, Twenty-sixth, Twenty-eighth and Thirty-second American divisions were engaged.

# NEEDLES GAS COMPANY TO INCREASE RATES.

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Sept. 13.—The Needles Gas and Electric Company was allowed by the Railroad Commission today to increase its gas rates 55 cents per thousand feet, but evading rates for electricity were unchanged except for slight increases in minimum charges.  
Telephone rates, the commission announced, would be covered by a supplemental order.

# FOR BILIOUSNESS AND HEADACHE TAKE A CALOTAB

The Nauseous Calomel Tablet That is Purified and Refined From All Nausea and Danger.

Ask your doctor and he will tell you that calomel is the best and only sure remedy for a lax liver, biliousness, indigestion, headaches and constipation. Now that all of its unpleasant qualities have been removed, calomel, in the form of Calotabs, is the easiest and most pleasant of all laxatives to take. One tablet at bedtime, with a swallow of water—that's all. No taste, no griping nor nausea. In the morning you feel simply fine—live, wide-awake, energetic, strong and with a hearty appetite for breakfast. Eat what you want and go about your work—no danger.  
Calotabs are sold only in original, sealed packages, price thirty-five cents. So sure, and delightful that your druggist is authorized to offer your money back as a guarantee that you will be perfectly delighted with Calotabs.—Advertisement.

# Ruined Villages in Spain Likely, Protest Farmers.

(BY CABLE AND ASSOCIATED PRESS)  
GRANADA (Spain) Sept. 13.—Six thousand farmers assembled here yesterday to support the tenants of the Duke of Wellington in their protest against the action of the duke's steward in ejecting them from farms that their families had worked for a century.  
A resolution was adopted informing the duke that the action of his steward meant ruin to the inhabitants of twenty villages and hamlets.  
Another resolution proposed that the duke should renounce property rights granted his family by the Cortes of Cadiz, after the Peninsular War of 1808, and asked the government to acquire the property by redemption. The meeting, which was held in a bull ring, was extremely stormy.

**The AEOLIAN VOCALION**

The Vocalion is made by the great Aeolian Company, makers of the world-renowned Duo-Art Reproducing Piano, the Pianola and such famous pianos as the Weber, the Stroud, the Steck and the Wheelock, which we represent exclusively in Los Angeles.

**Vote "No" on Proposition No. 2  
Argument Against  
Harris State Prohibition  
Enforcement Act**

**Proposition No. 2 on the November Ballot**

Proposition No. 2 (the Harris State Prohibition Enforcement Act) does not represent true California sentiment. The measure is the product of the last Legislature, which absolutely repudiated the majority wish of the people of this State on prohibition.

In 1914 and 1918 California voted down prohibition by overwhelming majorities. Within sixty days after the people had rejected the prohibition measure, a Legislature composed of radical "dry" members performed the startling feat of placing on the ballot a measure which would nullify the Eighteenth Amendment and passing the Harris Act in California by a vote of 54 to 46.

In the rush to take advantage of a favorable Legislature, the measure of which the prohibition element had worked for the preceding election, the Harris bill was devised, and passed eight months before the Volstead National Enforcement Act was passed by Congress.

The growing interests of California availed themselves of the opportunity of referendum and promptly presented a widely advertised petition to the Secretary of State. This brings the question of prohibition again before the voters.

Non-voters who believe in democracy in government must understand that the "NO" on Proposition No. 2. In the history of political history of this State, there is no more glaring example of the law of justice or thwarting of the will of the people than was exemplified in the passing of this particular measure. Even a prohibitionist who would profess to believe in justice, would vote down this legislation with conscience. The conservative reasoning voter really has no other choice but to vote "NO" if he analyzes the facts.

It is explained further that this Act would focus on this State a prohibition law from which the people of California are relieved. It is not as if Congress in its judgment later decided to nullify the Volstead Act by permitting the use of wine, beer and liquor in the home. If Proposition No. 2 becomes law in our State, we would find ourselves under rigid prohibition while other States in the Union could enjoy any amount of liquor that might come through Congress by amendment. This would make a laughing stock of California, which produces 90 per cent of all the grapes grown in the United States.

Proposition No. 2, better of premature birth, is unnecessary. If it becomes the law, it compels those who purchase liquor for non-beverage purposes, to obtain double sets of permits from the United States Prohibition Enforcement Administration and another from the California State Board of Control.

It is the great majority of voters of this State will mark the word "NO" on this measure and thereby again reject prohibition in California for the fourth time. I repeat that the proposed law is superfluous, would bar light wines and beer in the home, and does not reflect the true sentiment of the people of California.

(Signed) E. M. SHEEHAN,  
President California Grape Growers' Exchange

**AIR MANEUVERS  
FOR DIRIGIBLES.**

**Hampton Roads and Naval  
Base Suffer Attack.**

**Report of Affair Is Received  
by Air Service.**

**Mail Planes Now Flying from  
Many Cities.**

(BY A. P. MIGHT WIRE.)  
WASHINGTON, Sept. 13.—Army  
air service officials received a report  
today on the first fleet maneuvers of  
army dirigible airships held Satur-  
day at Langley Field. Three  
semi-rigid craft participated, and  
under command of Capt. Byron B.  
Daggett, fleet commander, executed  
battle evolutions, including an at-  
tack formation above Hampton  
Roads and the naval base.

The French built airship Eolus,  
officially known as the ZD-1, was the  
flagship, commanded by Capt. Dale  
Mabry. She is a 300-foot craft and  
carried three officers and ten men  
during the maneuvers, which lasted  
two hours and fifteen minutes.

The others were the C-1, a navy  
type "blimp" commanded by Lieut.  
Bruce Martin and carrying two of-  
ficers and eight men, and the A-1,  
a training ship, Lieut. Winford  
Clare commanding.

A 400-foot Italian ship is soon to  
be added to the army airship fleet.  
Arrangements for its purchase have  
been completed.

**LEAVES UTAH CITY.**  
(BY A. P. MIGHT WIRE.)  
SALT LAKE CITY, Sept. 13.—Mail  
plane 74, from Cheyenne, with 275  
pounds of New York mail for San  
Francisco, reached here at 11:37  
p.m. today, and fifteen minutes later  
took off for Reno. F. R. Yager, is  
pilot of the machine.

**MAIL TRANSFERRED.**  
(BY A. P. MIGHT WIRE.)  
OMAHA, Sept. 13.—Plane No. 71,  
the first eastbound machine to leave  
San Francisco in the transconti-  
nental mail service, arrived here  
this afternoon. It will be sent back  
to Cheyenne tomorrow.

The mail from this plane was  
transferred to the railroad mail  
service and forwarded to Chicago.

**ENGINE TROUBLE.**  
(BY A. P. MIGHT WIRE.)  
SAN FRANCISCO, Sept. 13.—En-  
gine trouble prevented the transcon-  
tinental mail plane from leaving  
here today. It was announced that  
an effort would be made to have the  
plane start tomorrow.

**ARRIVES IN CHEYENNE.**  
(BY A. P. MIGHT WIRE.)  
CHEYENNE, Sept. 13.—Mail air-  
plane No. 154, which left Chicago  
at 6 o'clock this morning, arrived  
here tonight at 6:05 o'clock. The  
plane is being ferried across the  
country and carries no mail.

**BIG DAILY SERVICE.**  
(BY A. P. MIGHT WIRE.)  
CHICAGO, Sept. 13.—An exten-  
sive daily coast to coast air mail  
service was begun today when  
planes left five cities. One plane  
will leave each morning from New  
York with mail to San Francisco,  
one from San Francisco for New  
York; one from Cheyenne, Wyo.,  
to San Francisco, one from Salt Lake  
City to San Francisco, one from  
Chicago to San Francisco every day  
except Sunday, and one from Chi-  
cago to New York every day except  
Monday.

The first of the Chicago planes to  
operate under the new schedule left  
here at 6 o'clock this morning for  
San Francisco, piloted by J. P. Chris-  
tensen. Each of the planes will  
carry 300 pounds of mail.

**Bulge in Pocket  
Leads to Arrest  
of Liquor Thief.**

(RECEIVED DISPATCH.)  
CHICAGO, Sept. 13.—An auspicious  
bulge in the hip pocket of Oliver  
DeLong led to the arrest of himself  
and four other persons and the re-  
covery of wines and cordials valued  
at \$1700 that were stolen from St.  
Anne's Hospital last month.

An eagle-eyed Forest Park po-  
liceman saw the bulge in DeLong's  
pocket and questioned him. He  
was carrying a bottle of rare wine,  
and four other bottles of liquor and  
five gallons more of the same wine.  
Then DeLong confessed that he and  
four others had raided the wine  
cellar of the hospital. His compa-  
nions were promptly arrested and  
their homes searched. Most of the  
stolen liquor was recovered. The  
five men hired a truck and carried  
off the liquor, which they divided  
equally.

**MORE FRENCH GOLD  
REACHES NEW YORK.**

**TWENTY MILLIONS ARRIVING  
TODAY WILL BE APPLIED  
TO PAYMENT.**

(BY A. P. DAY WIRE.)  
NEW YORK, Sept. 13.—Arrival  
here today of \$4,000,000 more in  
French gold, making about \$20,000,  
000 to be applied to France's half  
share of the \$100,000,000 Anglo-  
French loan maturing October 15,  
was without stabilizing effect upon  
the dollar exchange, which continued  
to show further weakness this morn-  
ing.

Demand bills on London fell to  
\$2.45 1/4 to the pound, and Paris de-  
mand rate to 6.55, both low records  
for the current movement.

**HOW FRENCH PROFITED.**  
(BY CABLE AND ASSOCIATED PRESS.)  
PARIS, Sept. 13.—The French  
Ministry of Finance, it is learned, will  
pay a part of the \$20,000,000 due  
in October to France on the An-  
glo-French loan from the proceeds  
of a resale of the American Army  
stocks which it sold, and upon  
which New York bankers will ad-  
vance sums reported to amount to  
\$25,000,000. The Harris Bros. Com-  
pany of Chicago has been engaged  
to become the sales agents of the  
French government for the disposal  
of stocks valued at more than \$105,  
000,000 in value.

The stocks include an immense  
variety of articles, including woolen  
goods, harness, steel, hard-  
ware, canned foods and tools, a con-  
siderable quantity of which probably  
will be resold in the United States,  
some in South America, and the re-  
mainder in Europe. The French  
government took over all the Ameri-  
can Army supplies left in France for  
the sum of \$400,000,000.

The government has taken from  
the stocks all the automobiles, rail-  
way material and various stores of  
timber and other commodities readi-  
ly salable.

**NEGLECT RESULTS  
IN LOSS OF HAIR**

**Chicago Specialist Says Proper  
Care Would Prevent Many  
Cases of Baldness**

The mere use of the comb and  
brush three or four times a day is  
not sufficient attention to pay to one  
of nature's most wonderful gifts,  
says Prof. John H. Austin, bacteri-  
ologist, hair and scalp specialist at  
Chicago, who now has offices at  
Hamburger's.

Both men and women owe it to  
themselves to keep their hair  
healthy, beautiful and abundant, and  
the proper corrective treatment of  
scalp disorders will do this.

Nature's signs of distress—dandruff,  
itching scalp, falling hair, dry  
or brittle hair—warn you of ap-  
proaching baldness. Do not wait a  
day. See Prof. Austin, over 40 years  
a specialist; he will advise you what  
to do.

By showing you the roots of your  
own hair, magnified thousands of  
times, pointing out to you the par-  
asites that are destroying your hair  
day by day, gradually killing every  
root until, in time, the head becomes  
entirely bald, you will be convinced  
that any delay may be deeply regret-  
ted. Prof. Austin says the use of  
manga cures, dandruff cures, hair  
tonics, etc., is like taking medicine  
without knowing what you are try-  
ing to cure.

**FREE MICROSCOPIC EXAMINA-  
TION** of the hair and scalp—both  
men and women invited. Private of-  
fices, second floor, Hamburger's.  
Hours 10 to 12 and 2 to 4.—[Adver-  
tisement.]

**DRINK HOME  
BREW IN CHURCH**

**Noise Attracts Police, Who  
Grab Seven Men and  
Sixty Bottles.**

(BY A. P. MIGHT WIRE.)  
KANSAS CITY (Mo.) Sept.  
13.—Seven men were arrested in  
an abandoned church to-  
day, where, according to the  
police, they were holding a  
"home brew" party.

"We heard a lot of noise  
coming from the choir loft,"  
Sergeant W. Cummings ex-  
plained in court, "and found  
sixty bottles on ice."

**Bulge in Pocket  
Leads to Arrest  
of Liquor Thief.**

(RECEIVED DISPATCH.)  
CHICAGO, Sept. 13.—An auspicious  
bulge in the hip pocket of Oliver  
DeLong led to the arrest of himself

**PRINCE OF WALES  
ARRIVES IN PANAMA.**

(BY CABLE AND ASSOCIATED PRESS.)  
PANAMA, Sept. 13.—The Prince  
of Wales, on board the British  
cruiser Renown, arrived at Panama  
this morning from Honolulu, whence  
he sailed September 2 on his voyage  
home to England from Australia.

The Prince's visit is of an official  
character. The Prince will be  
host tonight at a dinner on the  
Renown. Among those invited are  
President and Mrs. Lefevre.

The Prince departs tomorrow for  
Kingston, Jamaica.

**PRINCE OF WALES  
ARRIVES IN PANAMA.**

(BY CABLE AND ASSOCIATED PRESS.)  
PANAMA, Sept. 13.—The Prince  
of Wales, on board the British  
cruiser Renown, arrived at Panama  
this morning from Honolulu, whence

President and Mrs. Lefevre.

The Prince departs tomorrow for  
Kingston, Jamaica.

**SUGAR PRICES FALL  
IN BAY CITY MARKET.**

**COST TO THE JOBBERS DROPS  
FROM SEVENTEEN TO  
FIFTEEN CENTS.**

(BY A. P. DAY WIRE.)  
SAN FRANCISCO, Sept. 13.—A  
reduction in the price of refined  
sugar to the jobber from 17 to 15  
cents a pound was announced by  
the California-Hawaiian and West-  
ern Sugar Refining companies here-  
today, reflecting the New York  
market, which instituted this price  
on the refined product a week ago.  
An increase in raw imports was  
given as the direct reason for the  
reduction here, the Hawaiian ship-  
ments being especially heavy.

Fortnightly allotments should re-  
sult at 15 cents a pound, plus freight  
charges.

**NEW YORK, Sept. 13.—**The Ar-  
buckle Sugar Refining Company to-  
day reduced their list price of fine  
granulated sugar from 17.10 to 15  
cents a pound. All refineries in the  
market now are quoting this price,  
but most of the demand still is  
being supplied by second-hand deal-  
ers at 16 to 14 1/2 cents.

**SHOOT GIRL, SELF.**

**Tragedy Results When Man's Ad-  
vances are Rejected.**

(RECEIVED DISPATCH.)  
PITTSBURGH (Pa.) Sept. 13.—Be-  
cause she resented an improper pro-  
posal, William Brooks, aged 30,  
Valencia, near here, last night shot  
and seriously wounded Miss Jean  
Walker, 19, a telephone operator, of  
this city, and killed himself.

The two were in an automobile and the  
tragedy occurred as the machine  
speed along a road in Butler county.

After being wounded Miss Walker  
leaped from the machine and was  
found unconscious by passing auto-  
lets. She was taken to the office of a  
physician. Brooks' body was found at  
the wheel of the automobile which  
was stalled at the roadside. The re-  
volver with which he shot the girl in  
the chest and wrist and himself  
through the head was clamped in the  
right hand.

**THE BEST ADVERTISEMENT.**

The best advertisement any mer-  
chant can have is a satisfied cus-  
tomer. No greater recommendation  
can be given an article than the fol-  
lowing by E. B. Milburn, proprietor  
Guion Drug Store, Guion, Ark.: "We  
have sold Chamberlain's Cough  
Remedy for years and have always  
found that it gives perfect satisfac-  
tion."—[Advertisement.]

**WOULD UNITE  
HEALTH BODIES.**

**Public Health Association  
Meets at Bay City.**

**Co-ordination of Volunteer  
Agencies Advocated.**

**Must Reach Homes, President  
Rankin Declares.**

(BY A. P. MIGHT WIRE.)  
SAN FRANCISCO, Sept. 13.—Co-  
ordination of all voluntary public  
health agencies into a national or-  
ganization to educate the general  
public in the prevention and cure of  
disease was proposed at the conven-  
tion of the American Public Health  
Association here tonight by Dr. W. R.  
Rankin of Raleigh, N. C., president  
of the association.

Tentative plans for the proposed  
association were under way already,  
he said. Dr. Rankin advocated a  
health magazine as a means of keep-  
ing alive interest in public health  
topics.

"The greatest weakness in the ap-  
pel of the true prophets of public  
health is that they have not reached  
beyond the scientifically and of-  
ficially interested groups," he said.

They have fallen short of their real  
objective, the American citizen and  
home. On the other hand, the  
greatest strength of the false prophe-  
ts, those who teach erroneous doc-  
trines of the functions and impair-  
ments of the body and prevention  
and cure of disease, is that they, not  
having a scientific and official group  
to which to appeal, have gone di-  
rectly to the American citizen."

Group meetings occupied the day  
session, that preceded tonight's gen-  
eral meeting.

Dr. E. H. Bullock, health director  
of Kansas City, urged at the pub-  
lic health administration session that  
country and city should co-operate  
in a fight against rats, as a preven-  
tion of bubonic plague. He charac-  
terized the situation as serious.

Dehydration of fruit and vegeta-  
bles in California has doubled in  
the last year, Prof. V. Gruen of the  
University of California an-  
nounced at the food and drugs ses-  
sion. He estimated the total value  
of the products this year in the  
State as upwards of \$6,000,000.

W. D. Bigelow, chief chemist of the  
National Canners' Association, told  
of sanitation and sterilization meth-  
ods among the canneries.

**POSAM BRINGS  
QUICK COMFORT  
TO ANGRY SKIN**

When angry itching skin cries through  
every nerve of your body for relief, turn  
to Poslam and let it soothe and allay all  
inflammation. Learn how efficient Pos-  
lam is, what it should help it soothe  
in healing eczema, dispoising of  
rashes, pimples, acne, scalp-itch, and  
like disorders. The test is to apply Pos-  
lam at night to a small affected surface  
and in the morning to look for improve-  
ment. The effect of its concentrated  
healing energy shows agreeably soon.

Hold everywhere. For free sample  
write to: Emergency Laboratories, 121  
West 47th St., New York City.

Urges your skin to become clearer,  
freshen better by the daily use of Pos-  
lam Soap, medicated with Poslam.—(Ad-  
vertisement.)

**OAKLAND CHURCHMAN  
IS HONORED BY POPE.**

**MONSIGNOR PATRICK J. KEANE  
AUXILIARY BISHOP AT  
SACRAMENTO.**

(BY CABLE AND ASSOCIATED PRESS.)  
ROME, Sept. 13.—Monsignor Pat-  
rick J. Keane of Oakland, Cal., has  
been appointed auxiliary bishop of  
Sacramento and titular bishop of  
Samaris by Pope Benedict.

OAKLAND, Sept. 13.—On his re-  
turn home from a visit in Ireland  
the Rev. Patrick J. Keane, pastor  
of the St. Francis de Sales Church  
here for ten years, will be sent to  
Sacramento by the archbishop on  
instructions from the Pope at Rome  
promoting Father Keane to auxiliary  
bishop of the State capital.

Rev. Keane who, in June, cele-  
brated the twenty-fifth anniversary  
of his ordination at the College of  
Holy Names here, came to Oakland  
from San Francisco, where he was  
pastor of St. Patrick's Cathedral. He  
was educated at St. Patrick's Col-  
lege, Ireland, and received his de-  
gree at the Catholic University of  
Washington. He is a member of  
the archbishops' council.

The prelate is expected to return  
from Ireland within a month. His  
successor has not been chosen.

## WHAT'S DOING TODAY.

At the home of Mrs. E. W. Kinney on West 14th avenue, Glendale, the Tuesday Afternoon Club will give a reception today to Mrs. E. H. Williams, who was elected president last spring and now is obliged to resign because of the change of her residence to Texas. Mrs. E. H. Williams has been chosen by the executive board to serve in her place. Mrs. Albert Leighton and Mrs. Spencer Robinson will present a short musical program.

## FAIL IN ATTACK ON SCHOOL TAX.

Trustees' Petition for Cut in Figures is Quashed.

Forty-four-Cent Rate Fixed Legally, Court Holds.

Ruling Means Teachers Will Get that Rise in Pay.

The petition of the trustees of the Redman School District, asking for an injunction to restrain County Auditor Payne from extending the 44-cent school tax on the tax roll, on the ground that it is illegal, and declaring it should be 23 cents, was knocked out of court yesterday. Judge Stephens, who heard the argument, dismissed the temporary restraining order and sustained County Auditor Payne's demurrer to the petition, without leave to amend.

County Counsel Hill and Deputy County Counsel Powell contended that the trustees could not bring the action in their own names; that there was no statement in the complaint that they were acting as taxpayers and that an injunction would not lie except as to a tax debt. They held that the Superintendents have the right to fix the tax rate at not less than the minimum and not more than the maximum.

James McLachlan, representing the petitioners, argued that the Superintendents are bound by a mathematical process which would make the tax rate 23 cents on \$100 assessed valuation of property, and cannot go beyond that figure.

Judge Stephens held the Superintendents have discretion and that their action in making a 44-cent tax rate was legal.

Attorney John W. Kemp was present in court, representing the school teachers, who were recently granted a rise in salaries. If the injunction had been permanent, the 23-cent tax rate would not have provided for the increase in pay which the teachers will get.

**WOMEN'S WORK.**

**WOMEN'S CLUBS.**

BY MYRA SYE.

The loss of the candidates for the State Legislature was the gain of the candidates for the Judiciary yesterday afternoon at the meeting of the Woman's City Club.

The former had been invited to speak in behalf of their own candidacy, but it was rumored that they combined in a little trust not to trust the women with their campaign prophecies. All were conspicuously absent.

But the women spoke in behalf of their favorite judges and the result was one of the snappiest impromptu programs the club has enjoyed this campaign.

In the order of their presentation the following judges were endorsed: Judge Thomas for the Appellate Court by Mrs. Martha Law; Judge Works by Mrs. R. W. Richardson; Judge Works and Judge Myers by Mrs. H. C. Terrell; Judge Monroe by Mrs. H. J. Atchley and Mrs. Herman Darling; Judge Reeve and Judge Jackson by Mr. Jessie Russell; Judge Thomas and Judge Hewitt by Mrs. D. Taylor; Judge Craig by Miss Faith Chavallier; Judge Reeve by Mrs. H. V. Davis, and Judge Crall by Mrs. Richardson.

Mrs. Law said she is of the firm opinion that the reason no more interest was shown at the primary election was because a third of the electors cast their ballot, was due to the primary law. "I am not a Republican and I'm not a Democrat, but I want to vote just the same. I wouldn't belong to either of those parties for anything you could give me."

"Then you are not an American," interrupted a fellow-club member, Mrs. Law insisted it is quite possible to be an American, but not a partisan, much to the amusement of the audience.

At the next meeting, Marshall Stimpson will speak in favor of the measure to prohibit compulsory vaccination and Homer J. Castleraw will talk against the chiropractic measure, both of which are to appear on the ballot in November.

**Republican Study Club.**

Mrs. A. T. Anderson, who returned yesterday from Chicago, where she was a frequent visitor at Republican national headquarters, will speak at the Republican Study Club today, telling her impressions of the progress of the campaign for Harding and Coolidge east of the Rockies. As she has passed the last few months in Nebraska, New York, Illinois and Iowa, working for the Republican nominee, she will have a fresh viewpoint for western women.

The meeting is to be held at 2:30 p.m. in the United League Club Building, Third and Hill streets, formerly the Y.W.C.A. Republican women generally are asked to be present. Marshall Stimpson will speak against compulsory vaccination and a representative of the County Medical Association will speak for it.

**Philanthropy and Civics Club.**

"The Brass Checks," by Upton Sinclair, will be reviewed by Mrs. J. L. B. Goldsmith, president of the Philanthropy and Civics Club, at the regular meeting of that organization Friday in the Elks clubhouse, Third and Olive streets, beginning with the regular sewing at 10:30 a.m.

**Little War Mother.**

Mrs. Gertrude Gifford Hand, who was called "The Little War Mother" during the war, announces that she is going to give her famous poster Thursday night at the crippled soldiers' benefit dance at the Alexandria. When Fatty Arbuckle will be auctioneer.

It is expected that the Red Cross poster, war worn and a little dimmed by the passage of the years, will be one of the most popular of the night. In Southern California during the last two years, will bring as high as \$1000.

It is worth it for there is a big story back of it of pluck, bravery and nerve, and the poster is a Mother who sent her own boy to war, and who interviewed such celebrities as the Prince of Wales, Mary Pickford and other famous people, who have been in Southern California during the last two years, will bring as high as \$1000.

The entire proceeds will go to the Red Cross.

**Business Briefs.**

Do not forget that interesting advanced class for hard of hearing on Wednesday a.m. at 11, 1005 Story Drive, Miss Rice of Grinnell College will lecture on "Hail of Fame."

Photographs colored in oil or water colors, reasonable, by Glassburn Art Co., 516 Gracie Bldg., Phone 1218.

WIDNER, WIFE AND SON ARE RESTORED

After-Effects of Flu Overcome and Little Family Now Enjoying Best of Health. Give Tanlac Credit.

"After Tanlac set me right my wife and little seven year old boy started taking it, and today we are all enjoying the very best of health," said John Widner, 1571 Roosevelt Avenue, Los Angeles, recently. Mr. Widner is a machinist in the employ of the Mack Truck Company, but is planning to open a machine shop for himself at Redley, California.

"Back in 1918, like so many others, my wife, myself and little boy all took the flu. We were living in Waukegan, Washington, at the time and we have never been able to get over the effects of the flu until now. My case was serious and it left me all run-down with my stomach out of order. I lost my appetite and ate so little that I went down considerably in weight and strength. My stomach just seemed to stay bloated up with gas all the time and I couldn't get relief in any way. I had regular spells of nervousness and would get upset at nearly nothing. My sleep was never sound and as a result I got weaker and weaker until I could hardly keep on the job."

"Finally I saw Tanlac highly recommended for troubles like mine and I started taking it. The first bottle did not seem to help me but on the second I commenced to pick up so fast that in two weeks' time I gained ten pounds. The stomach trouble has left me now and I can eat anything I ever could and digest it without being bothered in any way at all. The nervousness has all gone and I sleep sound all night long. To make a long story short, I'm a well man once more and can put in full time at work every day."

"When my wife saw that Tanlac was doing all this for me, she commenced taking it, too, and it started building her up right away. We gave our little boy some, also, and now we are all in as good health as ever. I won't say what I think Tanlac will do for anybody else but I do know what it has done for us and if ever we need medicine again it will certainly be Tanlac."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores, and by Irwin's Drug Store, Redondo Beach. (Advertisement)

**Ten Years Younger Than His Years**

Doesn't it make you feel good—cause you to straighten up and feel "chesty"—when someone guesses your age at ten years or so younger than you really are? You look into your mirror, smile with satisfaction and say to yourself: "Well, he didn't make such a bad guess, at that."

The point is: You're no older than your vitality.

If a man is strong, vigorous, mentally alert, fine and fit at 50 he has a better chance of living up to 80 than a man of 30 who is weak and run-down has of living up to 60. While none of us can stay the years nor stop time, we should all make an heroic effort to successfully resist the effects of time by ever keeping our vitality at par.

When you sense a feeling of slowing down of your physical forces—when your stomach, liver, kidneys and other organs show signs of weakness—when you notice a lack of your old time "pep" and "punch"—in other words, when you feel your vitality is on the wane, you should consult

**LYKO**

The Great General Tonic

This master body-builder will help you keep young in spirit and mental and physical action, because it will restore nature in maintaining your vitality at par. It enriches the blood, restores worn-out tissues, soothes aching and over-worked nerves, induces sound refreshing sleep, stimulates the appetite, tones up the digestion, in short, will put new life and new vigor in every fiber of your body.

You will be surprised how much better you'll feel after taking a treatment of LYKO. If you are tired and worn out, physically exhausted, it's the mildest, most effective tonic. Get a bottle from your druggist today.

LYKO is sold in original package only, the genuine article. Beware of imitations.

Sole Manufacturers **LYKO MEDICINE COMPANY** New York

For sale by all druggists. Always in stock at the Owl Drug Co.

## JAIL BREAK PLOT; BARS CUT.

Prisoners Filled as  
Success Seemed Near.Meyne and English  
Captains Involved.Outsiders Afraid of  
Revelations?An attempted jail  
break by a group of  
prisoners at the Los  
Angeles County Jail  
last night, which was  
foiled by the police,  
has resulted in the  
arrest of two of the  
most prominent  
prisoners, Capt. J. J.  
Meyne and Capt. W. E.  
English.The plot was  
discovered by the  
police last night  
when they were  
patrolling the jail.The prisoners had  
planned to break  
out of the jail by  
cutting the bars of  
the cell block.The plot was

## PERMIT TO SHIP BODY IS GRANTED.

Remains of Olive Thomas  
to be Sent to New York for  
Burial; Autopsy Held.Permission to ship the body of  
Olive Thomas from Paris to New  
York was given yesterday following  
an autopsy in the French capital  
at which it was determined that  
the motion-picture actress died from  
"poisoning through intoxication with  
a substance taken accidentally."The autopsy was conducted by  
Dr. Paul, official physician of the  
city of Paris, in the presence of  
five American doctors. Dr. Joseph  
Choate of Los Angeles, who attended  
Miss Thomas between the time she  
took the fatal lethal potion and the  
hour of her death, represented the  
family at the autopsy. Jack Pick-  
ford, husband of the actress, was  
not in Paris at the time of the au-  
topsy, having gone to London by  
airplane with Owen Moore.Immediately after the autopsy  
Judge Parnet, a French magistrate,  
granted permission for the removal  
of the body to the United States  
for burial. According to arrange-  
ments made by Jack Pickford, the  
body will be brought to this coun-  
try on the steamship Mauretania,  
which sails from Liverpool Satur-  
day.It is understood that no funeral  
services will be conducted in New  
York, where the body is to be  
buried.Mrs. Charlotte Pickford and her  
daughter Lottie will leave Los An-  
geles Monday to meet Jack Pick-  
ford upon his arrival in New York.Mrs. Harry Vankirk, mother of Miss  
Thomas, is now in New York in  
company with her son and daughter  
awaiting the arrival of the Maure-  
tania.It is understood that no funeral

## TRIO HELD ON BUNKO CHARGE.

Wealthy Belgian Rancher Was  
Ready to Put Up Cash.Told Story of Ancient Tale of  
Money for Charity.Police Believe Prisoners to  
Have Made Harvest Here.With the arrest last night of  
three Italians on the charge that  
they attempted to bunko Prosper  
Sionhe, a wealthy Belgian rancher  
of Los Alamitos out of \$1000, Detec-  
tives-Sergeants Cahill and Fitzgerald  
believe that they have in custody the  
trio who have robbed a dozen  
wealthy foreigners in this city by  
means of the hoary bunko game of  
making their victim to help them  
distribute money to the poor.Those under arrest are Andy Moore, 36  
years of age; Louis Regret, 36, and  
Bakamo Andrea, 30. They are held in  
the City Jail.Moore and Regret were identified  
by the Belgian as the men whom  
he charged, tried to bunko him.  
Andrea was in company with the  
pair when the police found them and  
was held on suspicion.Mr. Sionhe told the police that  
he had gone to Anaheim from his  
ranch to buy a bracelet for his girl  
when he met Moore and Regret at  
the City Jail.The rancher asked Moore what  
was the trouble and he de-  
clared that Moore told him the fol-  
lowing story:"That boy (pointing to Regret) is  
my son. He is a victim of tuber-  
culosis and I fear he will die un-  
less I can get him back to France. I  
have a brother in Los Angeles who  
has committed a crime and intends  
to flee the country. I have asked me  
to distribute his fortune of \$50,000  
to the poor. I am afraid it will  
take me too long and that my son  
will die before I can distribute the  
fortune." Then he shed a bitter tear."I will help you distribute the  
fortune," the rancher volunteered.  
FIVE THOUSAND READY.So Mr. Sionhe came to Los An-  
geles with the two men, he said.  
All three went to a room in a hotel  
at 1111 East Fifth street, where the  
rancher asserted the other two  
told him that he would have to  
raise \$1000 as a guarantee of good  
faith. The rancher had \$500 in  
cash and started to raise the other  
\$500. He went to a friend who be-  
came suspicious when he learned of  
the plan and called the police.Detectives-Sergeants Cahill and  
Fitzgerald went with Mr. Sionhe to  
the room in the East Fifth street  
hotel and found it empty. Then in a  
police machine, they scoured the  
neighborhood with the rancher in the  
back seat. At East Fifth and Hill  
streets, the rancher grabbed Detec-  
tive Cahill's arm, saying, "There they  
are."The arrests followed.  
All three men had large bank  
rolls when they were searched and  
the detectives believe that they an-  
swered descriptions of the men who  
had bunkoed a dozen foreigners of  
more than \$100,000 in this city  
by the same asserted game during  
the past eight or ten months.The rancher volunteered.

told him that he would have to  
raise \$1000 as a guarantee of good  
faith. The rancher had \$500 in  
cash and started to raise the other  
\$500. He went to a friend who be-  
came suspicious when he learned of  
the plan and called the police.Detectives-Sergeants Cahill and  
Fitzgerald went with Mr. Sionhe to  
the room in the East Fifth street  
hotel and found it empty. Then in a  
police machine, they scoured the  
neighborhood with the rancher in the  
back seat. At East Fifth and Hill  
streets, the rancher grabbed Detec-  
tive Cahill's arm, saying, "There they  
are."The arrests followed.  
All three men had large bank  
rolls when they were searched and  
the detectives believe that they an-  
swered descriptions of the men who  
had bunkoed a dozen foreigners of  
more than \$100,000 in this city  
by the same asserted game during  
the past eight or ten months.The rancher volunteered.  
FIVE THOUSAND READY.So Mr. Sionhe came to Los An-  
geles with the two men, he said.  
All three went to a room in a hotel  
at 1111 East Fifth street, where the  
rancher asserted the other two  
told him that he would have to  
raise \$1000 as a guarantee of good  
faith. The rancher had \$500 in  
cash and started to raise the other  
\$500. He went to a friend who be-  
came suspicious when he learned of  
the plan and called the police.Detectives-Sergeants Cahill and

## Figures in Dual Suicide Attempt.

Mystery Surrounding the Motives  
Behind the Attempt of Mr. and  
Mrs. Fred Rising to Kill them-  
selves by taking poison last Sun-  
day in their apartment at the  
Prince Rupert, remained yesterday  
as deep as ever, even after the  
husband had made his second state-  
ment in regard to the surprising af-  
fair. His only explanation was that  
his wife was suffering from nervous  
trouble and in a moment of hysteria  
swallowed mercury tablets. He in-  
sisted that there had been no  
trouble between them and his  
bride of three months.While both are resting easily at  
the Methodist Hospital, Mrs. Rising  
is in a critical condition. Dr. Ross  
Sutherland, who is attending the  
couple, stated that in all probabili-  
ty the husband will recover, but  
that the fate of Mrs. Rising is in  
grave doubt. It will be some days  
before the outcome of the affair is  
known, due to the nature of the  
poison.Mr. Rising yesterday again ex-  
plained that he and his wife had  
been talking on Mrs. Mary Welch,  
a life-long friend of Mrs. Rising, and  
that his wife felt Mrs. Welch's ap-  
pointment to go to her own leaving  
husband, Miss Welch and a young  
aviator friend. Mr. Rising returned  
to his own apartment soon after and  
found that his wife had called Miss  
Welch on the phone to see if he had  
started for home. A moment after  
he stepped into the room his wife  
without warning took the mercury.  
The husband summoned Miss  
Welch, who is a nurse, and she  
gave Mrs. Rising first aid and called  
Dr. Sutherland. Upon the arrival  
of the doctor, Mr. Rising also took  
some of the poison pills, and he and  
his wife were rushed to the hospital.  
The parents of Rising live in the  
East and he has an aunt residing  
here.Mrs. Rising is the daughter of  
Mrs. Ida King, a prominent ranch  
operator of Orange county. Her  
husband, George H. King, who with  
a young son lost his life several years  
ago in an automobile accident on  
the Newport road.During the World War Mrs. King  
then Ruth King, served overseas  
with Miss Welch as a nurse.  
After the signing of the armistice  
they returned to Los Angeles and  
Miss King was to have been mar-  
ried. But she had fallen ill, and the  
wedding was postponed. She was  
nursing him four days. As soon as  
he was released from the hospital  
they were wed.The husband's explanation was that  
his wife was suffering from nervous  
trouble and in a moment of hysteria  
swallowed mercury tablets. He in-  
sisted that there had been no  
trouble between them and his  
bride of three months.While both are resting easily at  
the Methodist Hospital, Mrs. Rising  
is in a critical condition. Dr. Ross  
Sutherland, who is attending the  
couple, stated that in all probabili-  
ty the husband will recover, but  
that the fate of Mrs. Rising is in  
grave doubt. It will be some days  
before the outcome of the affair is  
known, due to the nature of the  
poison.Mr. Rising yesterday again ex-  
plained that he and his wife had  
been talking on Mrs. Mary Welch,  
a life-long friend of Mrs. Rising, and

# The People and Their Daily Troubles

## A WOMAN'S IDEAL MAN.

BY DOROTHY DIX.

In personal appearance he is a large, tall, husky youth who looks as if he could give a good account of himself in a fight, for women secretly like a bit of the brute in man. He has nice white teeth and the usual ensemble of features. She isn't particular about their size or shape or arrangement, but he must be immaculately clean and wear his clothes with the right air.

The average woman admires the soulful-eyed matinee hero or the Adonis of the screen only professionally. She wouldn't take him as a gift for a husband. She wants the center of the stage as the family beauty for herself, instead of having to see it wasted on a mere man.

Also she would far rather hear people say, "How in the world do

judgment so that she can throw the blame on him when things turn out badly.

But while she desires a man who is cleverer than she is, she wants him to regard her as a paragon of wisdom, and to make of her a companion; she wants him to listen to her advice, and be guided by it; and he must have enormous respect for her intuition and always play her hunches in business deals.

A woman's ideal man is a happy combination of the roarin' lion and the suckling dove. In her heart every woman is still a cave-woman, and she likes to be wooed with a club, and dragged by the hair of her head to the two-by-four flat her lover has rented for their new home.

No woman ever really falls in love with the man who woos her humbly on bended knee, nor does any wife care a tuppence about the husband who lets her heckle him and make a doormat out of him. The man of her dream is strong, and masterful and able to hold his own at home and abroad. She likes a man of whom she is

a little afraid, a man who is iron yet who becomes putty, upon occasion, in her hands, for there is nothing so thrillingly fascinating to a woman as to feel that she can influence the man who is inflexible to all the balance of the world.

A woman's ideal man is what old fashioned novels call a "man of sentiment." He is sensitive to all that is beautiful in nature and art. He thrills to moonlight nights and the music of steel guitars drifting over silvered water. He can read poetry in a way that brings your heart into your mouth and makes you want to cry on some man's shoulder. He can make love in the most adorable fashion. He knows just the little things that women like to have done for them and said to them.

But never, never is tempted to flirt with a pretty woman, no matter how soft the moonlight, nor how enchantingly the Hawaiian band plays nor does he ever read poetry to another pair of ears though the book of verses underneath the bough is at hand, and a ready listener in a soft white frock and a most be-

witching summer hat. No, a woman's ideal man is an artist in sentiment who lavishes the entire output of his genius on one customer and never even looks around to see if any other woman would be interested in the line of sweet goods he carries in stock.

A woman's ideal man makes money with one hand and one brain cell while he devotes the other hand and most of his intellect to amusing her. She requires much money, for it is only men who are strong for the simple life. Women desire a scheme of existence that is garnished with beautiful clothes, and luxurious homes, and motor cars, and such like, but the woman's ideal man must not have to drudge for these in the way they come to ordinary men.

Dear me, no! A woman wants her husband to give her all that money buys, but she wants him to have a soul above money grubbing. He must be idealistic and discourse of music and literature and art, and not talk shop. His thoughts must not be centered on his horrid old

## GASOLINE ALLEY—HAVE YOU SEEN DOC'S CAR?

factory or office. He must have leisure to travel and must never be too tired to get around with her to parties and balls. And she's perfectly certain he could do all these things, and accumulate a fortune on the side if he was all that he should be.

A portrait of a woman's ideal man would show a composite picture of Douglas Fairbanks, President Wilson, Irvin Cobb, John Drew, Mr. Rockefeller and Job. Needless to say there is no such person in real life. Hence no woman is perfectly satisfied with her husband.

### LETTERS TO

#### "THE TIMES."

Another Amendment.  
LOS ANGELES, Sept. 13.—[To the Editor of The Times:] Referring to your very excellent cartoon appearing in a recent issue of The Times and the many previous articles on this same subject—that of the increasing number of deaths and accidents caused by the recklessness and carelessness of automobile drivers—would it not be appropriate of the Eighteenth Amendment and in keeping with the present wisdom and intelligence now prevailing in the country, to prohibit the manufacture and sale of automobiles through the entire United States, for pleasure purposes.

Mr. Bryan, the leader of the vast

herd of sheep-headed prohibitionists, asked the brilliant question at the San Francisco convention—"that if a man did not want liquor to get drunk with, what did he want it for?" Therefore, according to such philosophy, would it not be just as reasonable to ask, "if a man does not want an eight-cylinder Cadillac, Packard, Pierce Arrow, or some other high-power car, to speed along the road at sixty or seventy-five miles an hour, what does he want it for?"

However, pipe the prohibitionists, liquor in general has ruined so many men and it has enticed men to squander their money. How many men in this country, may I ask, who have mortgaged their homes for the sake of an automobile. Why, you can count them by the thousands, to say nothing of the thousands of others who cannot buy homes because of the money they have put into their automobiles. Then add to this the number of deaths and the number of accidents and the money lost thereby, and you will have a sum, the amount of which will be staggering.

So, really, I think that another amendment is in order, that to prohibit the manufacture and sale of automobiles. Thus will another step have been achieved in our moral and spiritual welfare and a further halo around our increasing glory before the eyes of the rest of the world.

CHARLES D. HUNT.

The Old Minister.  
LOS ANGELES, Sept. 13.—[To the Editor of The Times:] Most of

your readers have often seen the old minister who carries a banner and down the street of our city. On the top of the banner are the words "God is King" of curiosity, I stopped him in the street this morning and had a talk with him.

He is one of the best students in the city. We may agree with his method of preaching, but he has no doubt read the people who do not read the Bible. The old minister said that he had several times come by accepting the Jesus Christ. I believe the minister is doing a great service in the great east-side district, and I hope he will every encouragement.

FRANKLIN E. HUNT.

Not as the Expected.  
A home town society member, underwent an operation. On her recovery, assured by her friends that she had taken her place from her legs, Lanthorn, she complained to the three hours on the operating table. She said, "I made me look like you, why didn't you keep me like that?"

"Five hours then, madam," sobriety returned to her. "would have made me an angel."—(Indiscreet)

## CHIFFON DRESSES AND WAISTS

DON'T worry about the "up-keep" of your graceful chiffon frocks and blouses—just wash them when they're soiled, with Ivory Soap Flakes.

These quick-sudsing Flakes wash away the dirt without a bit of rubbing, yet do not weaken the finest materials in the least. They work in this way because they are genuine Ivory Soap, the safe cleanser for filmy textures and delicate tints.

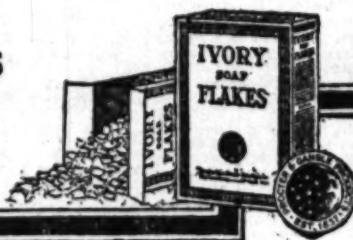

Use Ivory Soap Flakes for all the lacy, silken garments and accessories that you prize. They'll be beautiful so much longer than with ordinary treatment.

## IVORY SOAP FLAKES

Genuine Ivory Soap in Flaked Form

for washing particular things

Safe for Silks and All Fine Fabrics

### Keeping Straight on the Dentifrice Question

Follow ALL the dentifrice claims and the mere duty of cleaning the teeth becomes quite complicated and time consuming. A number of different dentifrices also are necessary.

Perhaps it is this confusion of directions and claims which is making more people turn in relief to the simple truth of Dr. Lyon's statement—it cleans the teeth SAFELY, that's all. Dr. Lyon doesn't guess that it will preserve teeth a lifetime—it has the proof, having already preserved teeth for over fifty years.

### Dr. Lyon's

The Dentifrice that made fine teeth fashionable

### Powder Cream

Approved by the best dental authorities for over fifty years

## SOCIETY.

BY VIRGINIA WOODS.

Mr. and Mrs. Huntington. After a comfortable trip on the steamer Aquatania, Mr. and Mrs. Henry E. Huntington are now in France and installed in their chateau near Paris, between Versailles and St. Germain en Lays. It is the first time they have been in Europe in six years. Mrs. Huntington having been at their chateau when war broke out. They find Paris, nothing like the Paris they knew. They expect to return to America next month, and will remain in New York for an indefinite visit.

Mrs. Rodman. Mr. and Mrs. Willoughby Rodman are back in town after a summer spent at Laguna Beach. He is much improved in health.

Tomorrow Mrs. Rodman will be hostess at a reception at the Friday Morning clubhouse in honor of Mrs. Edward W. Packard of New York, who is a visitor here. She is the personal representative of Mrs. Oliver Harriman, who heads the Serbian relief in Gotham and it is in that cause she is here.

Danced with Prince of Wales. Miss Verle George of 2310 Fifth avenue, Los Angeles, who is visiting in Honolulu, had the pleasure of the first dance with His Highness, the Prince of Wales, upon his arrival there and was also entertained by him on board his ship, the Rebyth. Miss George is in Honolulu with her aunt, Mrs. William Hawley, wife of the late Col. Hawley, U.S.A., and they are being extensively entertained by other prominent folk. Mayor and Mrs. Wilson of that city have given the Los Angeles girl several dinner parties and dances, including a real Hawaiian dinner. Miss George is the daughter of Mr. and Mrs. H. B. George.

For Mrs. Thompson. Mrs. William Henry Thompson of Ravenswood, Chicago, who is here for the winter was honor guest at a dinner party in celebration of her birthday at which Mr. and Mrs. U. S. Thompson of West Jefferson street were hosts. After dinner there was a musical program. Miss Elizabeth Adele Thompson, U. S. Thompson and Karl Lohde of East San Francisco. Mrs. George O. Thompson read some original verses and Mrs. George Whitney Thompson (Pauline Weiler) gave some clever impersonations. There were a dozen guests.

Birthday Party. In honor of the fifteenth birthday anniversary of their son, Norman Cowen, Mr. and Mrs. S. Cowen of 5485 Mesa Drive, gave a buffet supper party for thirty guests on Saturday evening. Mrs. Herbert Wolf, skill, Mrs. W. T. Webb and Miss Dolly, Ohayon assisted Mrs. Cowen.

Capt. and Mrs. Miner. Capt. and Mrs. Randolph Huntington Miner are back in Washington after a visit in New York, where they were entertained by Mr. and Mrs. Edward Laurence Doherty on their yacht the Castana. They have taken apartments for the winter in the famous old home of Admiral Porter just opposite the Metropolitan Club on H street, Washington. During the summer they occupied Mrs. Chapin's apartments. Mr. and Mrs. Doherty had planned to return to Los Angeles this week, but have postponed their coming indefinitely and instead Mr. and Mrs. E. L. Doherty, Jr., and children will join them, leaving for New York this week.

Much Feted. Mr. and Mrs. John G. Mott and Mr. and Mrs. Dean Mason, who motored to San Francisco last week are being much feted there. Upon their arrival they found their rooms at the hotel filled with flowers, and numerous invitations waiting for them. They will be home the middle of the week.

Marriage Announced. An interesting bit of news to a wide circle of friends is announcement of the marriage of Miss Louise L. Holland of 1243 Locust avenue, Hollywood and Ben A. Koehler of this city, who sloped to Riverside and were married last Wednesday at the Mission Inn. The news is just out. She is the daughter of Mr. and Mrs. John W. Holland and is a graduate of Hollywood High School. The groom is from Seattle and is a graduate of the University of Washington. He is a civil engineer with the Standard Oil Company.

Mr. and Mrs. O'Donnell. Mr. and Mrs. William J. O'Donnell, who have been making their home at the Holton Arms Apartments, are moving on Wednesday to the Hotel Darby for the winter. Mrs. Jeanne Castellanos of New Orleans is to reach here in a day or so and visit them for a week. She is now in San Francisco. Mrs. Castellanos is also a friend of Mrs. Lucien N. Brunswick.

Invitations Out. Invitations are being issued for the marriage of Miss Ruth Irvin and Mr. Clyde A. Lucas on September 22 at the Boyle Heights Christian Church. She is the daughter of Mr. and Mrs. E. S. Irvin of 1225 North Van Ness avenue.

In Del Monte. Mr. and Mrs. Everett H. Seaver, who are at Del Monte for the golf tournament were hosts at a dinner party given in the palm room on Saturday for Mr. and Mrs. A. L. Cheney, Jack Nevin and W. P. Scott of this city.

Mrs. Booth. Mrs. Willis Booth's sudden return to New York has made it impossible for many of her friends to greet her on her visit here. She was to have been here six weeks or more, but a sudden change in plans caused her return home after less than two weeks in the city—most of that time being spent resting as she had crossed the continent immediately upon her return to New York with Mr. Booth and Ferris Booth. Many social affairs planned for her have been canceled.

Personals. S. D. Edwards of this city and Nogales, Ariz., in Washington, D. C., at the Hotel Lafayette. Mr. and Mrs. W. H. Gilhausen and A. A. Gilhausen are also there.

Mr. and Mrs. T. Arthur Thompson have taken apartments at 42 St. James Park for the season and as soon as conditions are favorable they will build again.

Mr. and Mrs. Charles Moreland Nebeker, who have been visiting here, Mr. and Mrs. Frank E. Walsh left Sunday for their home in El Paso, Tex.

Ten Floors—In a Location That Enables Us to Sell for Less

### Draperies and Drapery Making

—There is as much difference between well-made and poorly-made draperies as there is between a "tailor-made" suit and a home-made dress. If you want your home to have a "well-groomed" look, if you care about style and fineness of finish be sure that your draperies are right. They need not be expensive, but they must be carefully made and expertly hung. No matter how beautiful your furniture and rugs, "dowdy" drapes will spoil your room.

—In our drapery workrooms you will find experienced men and women whose business it is to design, make and hang beautiful draperies. Their work has gone into many of the finest homes of Southern California, for it is individual and expressive of personality, as well as technically correct.

—Why not choose your draperies from our large assortment of the newest, most up-to-date materials—materials beautiful in both color and design—and let our expert staff of drapery workers make them for you? In this way your home will attain a beauty of finish that you know is absolutely correct.

—The following are only suggestions as to the possibilities offered by our stock.

Kapock Silks Velours Hand-blocked Linens Fillet Nets Cretonnes Shailis	Taffetas Fine Nets English Warp-Prints Casement Cloth Scotch Grenadines Silk Gauzes
---	--

### Rugs in Wide Variety

The importance of the rug in the decorative scheme of a room makes it important to choose your floor covering where the stock is large and varied as well as where you can obtain the best in quality. Our rug stock, owing to receipt of recent shipments of high-grade merchandise, is unusually large and complete at this time.

These rugs are of all kinds, the colors and designs are modern and up-to-date, and the prices as low as the market allows. Whether you desire a rug for the sun room or porch, or floor covering for living-room, dining-room or library, we are sure that you will find just the rug to fit your requirements as to color, size and kind in our assortment.

Our line of fine Wilton rugs is especially complete, comprising, as it does, very many rugs in the latest colors and designs, of other than stock sizes. These odd-size rugs offer a very acceptable solution to the floor-covering problems presented by rooms that are either very long and narrow or nearly square.

The following are suggestive of the lines carried in our Rug Department:

Augh Persian Rugs Body Brussels Rugs Chenille Rugs Thread and Thrum Wool Rugs Axminster Rugs De Luxe Grass Rugs	Wilton Rugs Klearfax Linen Rugs Tapestry Brussels Rugs Bozart Rugs Novelty Cretonne Rugs Chenille and Wilton Carpets

## News from South of Tehachepi.

## SUFFERS ONLY MINOR INJURIES.

Driver Has Narrow Escape When Train Hits Auto.

Crown City Host to Visiting Fire Chiefs.

Bank Deposits Make Record-Breaking Increase.

(LOCAL CORRESPONDENCE.)  
PASADENA, Sept. 13.—C. H. Stewart of Los Angeles, driving a motor delivery wagon for the N-way Laundry, collided with the east-bound California Limited on the Santa Fe tracks at Allen avenue today, but escaped with a few bruises. The automobile was hurled twenty feet, and Stewart pinned underneath it, but when treated at the Emergency Hospital it was found that eight bruises were his most serious hurts.

FIREMEN ARE ENTERTAINED.

Fire department chiefs, who are holding a convention in Los Angeles, spent today in Pasadena as the guests of this city. The visitors were met by members of the City Commission, officers of the fire department and a committee from the Chamber of Commerce. They were taken for a drive through the city and then visited Brookside Park, where an entertainment program was given, followed by a dinner at which the Pasadena fire department was host.

BANK DEPOSITS GROW.

Bank deposits in Pasadena have increased \$6,355,132.10 since last September, according to a compilation of the local bank statements issued today in response to a Federal call. The gain is 35.6 per cent and is ascribed by bankers to the number of new residents who have opened accounts here the past year.

G.A.R. TRAVEL TRUST.

The first of the G.A.R. excursionists to the grand encampment in Indianapolis left here today, which was the first day for departure under the special rates granted the G.A.R. and allied societies by the railroad. Leaving today were members of the Sons of Veterans' organization and their families.

WILL REMEDY DANGER.

Twenty-two thousand dollars will be expended by the Pacific Electric Railway next month in eliminating the so-called "dead end" curve at Los Robles avenue and Colorado street. The switchback curve, whereby cars operated on the wrong side of the street, was ordered eliminated by the City Commission.

## RAINSTORM SOAKS IMPERIAL VALLEY.

(EXCLUSIVE DISPATCH.)

EL CENTRO, Sept. 13.—Imperial Valley's first season rain today assumed the proportions of a small cloudburst when half an inch of rain fell in El Centro within thirty minutes, flooding basements causing work to be delayed on all building and generally saturating the city.

Over the valley the rain was spotty, Calexico being entirely missed and Brawley receiving only a quarter of an inch. Rain at this early in the fall is unusual, according to local weather prophets.

Scores of automobiles were stalled between El Centro and North Valley points, due to the bad roads.

## SMALL CATCHES AT LOS ANGELES HARBOR.

(LOCAL CORRESPONDENCE.)

LOS ANGELES HARBOR, Sept. 13.—Less than sixty tons of albacore were received at local markets and canneries for the first week in September, while only 400 tons of tuna were landed in the same length of time.

For the first time in many months the skipjack caught here totaled more than the tuna and albacore receipts, 1,255,872 pounds of that fish were sold to canners and 3187 pounds to the fresh-fish market.

## FOLLOW STATE LAW.

Santa Monica Traffic Rules Need no Change.

(LOCAL CORRESPONDENCE.)

SANTA MONICA, Sept. 13.—Santa Monica is one of the few cities in the State that will not be affected by the recent decision of the Supreme Court, which declares that cities have no right to enact traffic laws, according to a statement made this morning to that effect by City Attorney Victor McLucas, before the City Commission.

He said that Santa Monica is probably the only city whose local traffic ordinance is patterned exactly on the State Motor Vehicle Act.

Still water and surf bathing at Coronado. Safest bathing beach. (Advertisement.)

## ONTARIO FRUIT TURNS TO GOLD.

Growers Receive Nearly Half a Million Dollars.

Navel Oranges Sell for \$5.21 Per Hundred Pounds.

Association Chooses Officers for Coming Year.

(EXCLUSIVE DISPATCH.)

ONTARIO, Sept. 13.—Ontario's claim to supremacy as producer of fine oranges was strengthened today when figures made public in the twenty-second annual report of the Ontario Citrus Fruit Association showed the average price received for Washington Navel oranges shipped during the year just closed to have been \$5.21 per hundred pounds. This is not only the biggest return in the history of the Ontario fruit concern, but eclipses the average established by all other citrus fruit-growing districts in California, it is said.

During the year, a total of 100,833 boxes of all varieties of citrus fruit were packed and shipped and the total amount received for the fruit was \$467,886.21.

Valencias shipped in 1930 by the Ontario association brought an average \$5.33 per hundred and the average on all grades and varieties of citrus fruit packed was \$4.67.

Notwithstanding the fact that the crop was comparatively small, the returns to the growers were the largest in the history of the association, excepting the year 1910 and 1911, when about three times the quantity of fruit was shipped. Manager B. F. Webber stated that the exchange, which is a member of the Ontario-Cucamonga Fruit Exchange, which in turn is a member of the California Fruit Growers' association, which is a member of the National Fruit Association, is being seriously impaired.

This was the message brought to Pomona last night by E. P. Clarke, Riverside editor and chairman of the State Board of Education, who spoke at the Trinity Methodist Church. Mr. Clarke attended a conference of educators from all over the country in Washington last May.

Only charged and bled-and-runs remain standing today to mark the place where the house belonging to Mrs. N. H. Hughes, at 631 East Third street was being made ready for its new occupants. Mr. and Mrs. R. H. Browning. Fire supposed to have been caused by defective wiring completely destroyed the house about 9 o'clock last night while Mr. and Mrs. Browning were on their way from their former home at 192 Williams street with a load of household goods.

TO LIVE IN CLAREMONT. George Shima, millionaire Japanese potato king of Berkeley, has arrived in Claremont and is supervising the arrangement of his palatial home on Ninth street.

His family is expected to arrive next week. His daughter, Miss Florence Shima, will be a sophomore in Pomona College this coming year.

CHIEF HOME AGAIN ON POLICE JOB.

After a lengthy conference with Mayor Under yesterday, Chief of Police Home smilingly remarked: "My place of business is at First and Hill streets." According to rumors current at the City Hall, Chief Home has been offered a position with a Texas oil company at a salary much larger than the one he is now receiving.

## ANTICIPATE INCREASE IN GRAMMAR SCHOOLS.

(LOCAL CORRESPONDENCE.)

VENICE, Sept. 13.—Venice High School began today with a 13 per cent increase in numbers over last year.

As the population of Venice has increased faster than any other city in the State during the last ten years, school officials are of the opinion that when the term begins in the grammar and junior high schools next week, such an increase will show that the school system will of necessity undergo much change.

The Venice High has new principal this year, E. L. Holden, who has been assistant principal for several years past, takes the place of the resigning principal, Edward Clark.

BAKERSFIELD WELL IS FLAMING TORCH.

(BY A. P. HIGBY WIRE.)

BAKERSFIELD, Sept. 13.—Well No. 7 on the Carman lease in the Elk Hills, owned by the Standard Oil Company, is a flaming torch today, having come in yesterday with a roar, forcing 15,000,000 cubic feet of gas through its casing with such force that friction caused a spark, lighting the gas. This is the third big gas well to catch fire in this territory during the past year. Preparations are being made to extinguish the flames and cap the well by the use of huge boilers and mud lines.

Some room at Coronado Tent City. Make reservation at 517 Spring. (Advertisement.)

## Escaped an Operation

There is nothing in the world a woman so much fears as a surgical operation. Often they are necessary, but often not; and many have been avoided by the timely use of that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound. If you are suffering from some dread ailment peculiar to your sex, why not profit by the experience of these two women whose letters follow?

## These Two Women Saved from Operations.

Cedar Rapids, Ia.—After the birth of my last child, I had such painful spells they would undo me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years. —Mrs. H. Korman, 617 Ellis Blvd., Cedar Rapids, Iowa.

Sandusky, Ohio.—After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me. I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also doing for other people. I will take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish. —Mrs. PAUL FARKNER, 128 Stone St., Sandusky, Ohio.

LOS ANGELES' FINEST ELEC

# Bull Montana and O'Connell Steaming Up for Mat Bout.

## GRAPPLERS PUT IN A BUSY DAY.

O'Connell Says that Montana Can't Scare Him.

Bull Uttering Bloodthirsty and Wild Talk.

Weight Difference Between Them Isn't Great.

Bull Montana and Eddie O'Connell spent a pleasant afternoon yesterday hurling young gentlemen of various shapes and sizes all over the landscape.

Both men seem to be in splendid condition for their match, which takes place at Jack Doyle's pavilion in Vernon on Thursday night, and claim that their bout will be even wilder than the murderous affair, a recent date between Montana and Irwin.

QUITE CONFIDENT. O'Connell seems to be one inhabitant of the city who is confident that Montana will have to confine his public appearances to the movies after Thursday night. "I've worked

## FOOTBALL OFFICIALS TO ASSEMBLE

The first 1929 meeting of the Southern California Football Association, the organization that threes out the technicalities of the gridiron game and appoints the officials for the various prep and intercollegiate games, will be held at the Hotel Angeleno tomorrow night.

In connection with the announcement yesterday, Secretary Ralph Jenson stated that Jerry Abbott, Arizona's greatest pugilist, has made a special trip from the hot State to sit in on the loose talk.

Al Badenoch of Inglewood High School is president of the body; Glenn Whittle of Los Angeles High School is vice-president, and Jenson is secretary-treasurer. Meetings are held weekly throughout the year.

\*\*\*\*\*  
Ad Santel, London and a whole bunch of light heavyweights, who are heavier than Bull and are much better wrestlers, so I hardly see why I should be worried over this match," O'Connell said yesterday. "Montana will have very little weight advantage over me, and I'm mighty sure that he is neither as speedy nor as scientific as I am," he went on. "He is one of the strongest men of his weight in the world, but I think that I can wear him down and beat him. Anyhow, I'm not worried about it, so I fail to see any good reason why anybody else should be."

\*\*\*\*\*  
FAST WORKOUT. O'Connell worked out yesterday at the Los Angeles A. C. late in the afternoon, going through a fast workout with Babe Doyle, Art Gilman and several others. Montana worked at another gymnasium and

\*\*\*\*\*  
had plenty of competition from Young Hachenschmidt and several other powerfully-built gentlemen who were among those present. Bull seems to be suffering from the idea that O'Connell did him dirt when he said that Bull was not much of a wrestler and he is threatening to do all kinds of naughty things to Eddie when he gets him in the ring Thursday night. But will probably outweigh O'Connell as much as he outweighed Irwin in their recent bout.

\*\*\*\*\*  
FOOTBALL GUIDE IS ON TAP AGAIN.

Forecasting the presence of football is the coming of Spalding's annual football guide, edited by the semaphoric Walter Camp, the dean of American authorities. Besides Camp's usual All-American selection, review of the season and editorial comments the big games of the season are touched upon. In this connection it is interesting to note that the Harvard-Oregon struggle is described as having attracted even more universal attention than the Harvard-Yale or Harvard-Princeton combats.

\*\*\*\*\*  
PICTURES of most of the leading college eleven in the country, as well as the prep squads, are represented in the illustrations. Jerry Abbott, referee in this section last year, has contributed a masterpiece on Southern California football.

\*\*\*\*\*  
RAIN POSTPONES CIRCUIT SPRINTS.

\*\*\*\*\*  
[ST. A. P. NIGHT WIRE] SYRACUSE (N. Y.) Sept. 13.—Nine races with an approximate value of \$24,500 will be contested at the Grand Circuit meet tomorrow. The classic Empire State stake for 2:12 class trotters, carrying a value of \$10,000 heads the program. The Matron stake for 2-year-old trotters for which \$4500 will be divided among the money winners, is the second topline.

\*\*\*\*\*  
RAIN prevented today's races and the program has been coupled with that of tomorrow.

\*\*\*\*\*  
WALTER MILLER GOES TO HOSPITAL AGAIN.

\*\*\*\*\*  
Walter Miller, wrestling instructor of the Los Angeles Athletic Club, will be taken to the California Hospital again this morning for an operation on his infected jaw. Miller was operated on several weeks ago, and apparently was on the road to recovery when inflammation again set in. Dr. Miller and Tooland will perform the second operation.

\*\*\*\*\*  
CARDINALS BEGIN FOOTBALL SEASON.

\*\*\*\*\*  
Football practice at Stanford University will start tomorrow for both freshmen and varsity candidates, according to a letter received here from Duffy Sear, former Cardinal crack who will coach the Cardinal peagreen squad this year. Though Stanford doesn't open for the fall term until October 1 Sear is anxious that the word go forth that he and Varsity Coach Powell are both on the job and ready to welcome all comers. The "fresh" season closes November 13, and as the California babes have already had a two week start on Sear's side, the former Orange and Black star is itching under the collar.

\*\*\*\*\*  
Sear reports that Powell, who coached Montana State last year, looks like the goods.

\*\*\*\*\*  
EAST MEETS WEST IN GOLF CONTEST.

\*\*\*\*\*  
[ST. A. P. NIGHT WIRE] CHICAGO, Sept. 13.—Mrs. Hathaway Watson, president of the Women's Western Golf Association, today announced plans for an annual match between women golfers of the East and of the West. The matches will be held preliminary to the women's national championship, the first to be played next month over the Mayfield course at Cleveland. Each team will have nine players and two substitutes.

\*\*\*\*\*  
JESSON TO COACH LOYOLA GRIDDERS.

\*\*\*\*\*  
Ralph Jenson, the handsome assistant of Otto Merpall in the Spalding sporting emporium, announced that he has taken up the coaching duties at Loyola Junior College, where he expects to turn out a gold-digged good football team. Ralph coached the Oxy freshmen last year, and pulled a nifty job of it, his team losing to the U. S. C. frosh in the big game of the season by a solitary touchdown.

\*\*\*\*\*  
VALLEY LEAGUE TEAMS TO PLAY.

\*\*\*\*\*  
[SPECIAL CORRESPONDENCE] TULARE, Sept. 13.—Teams of the San Joaquin Valley Baseball League will battle for honors in this city in a series of exhibition games at the Tulare County Live-stock and Agricultural Show September 14, 15, 16, 17 and 18. The local grounds are being pronounced by experts to be among the best in the valley and in a class with the finest in the State. The club standing at present is:

NAB GAMBLERS IN CHICAGO STANDS.

\*\*\*\*\*  
[EXCLUSIVE DISPATCH] CHICAGO, Sept. 13.—Five men were arrested in the bleachers at the Chicago and Washington game today charged with gambling.

## NOW FOR THE GREAT BATTLE.

Angels and Tigers to Clash in Important Series.

Killefer's Pets Going at Top Speed Just Now.

First Ball Game of Series Opens This Afternoon.

BY ED O'MALLEY.

The Angels and the Tigers look like today in deadly earnestness and the clash may prove the bitterest ever seen on a local diamond. Killefer is just five games behind the league-leading Bengals. Red is setting a killing pace and many of the local wetsheims predict that Killefer will be unable to keep up with such track-burning speed.

\*\*\*\*\*  
GOING GREAT.

\*\*\*\*\*  
For the last three weeks Johnny Powers's cohorts have been playing the greatest baseball ever seen on the Coast. Every mother's son of the boys is out to beat the Bengals and the coaches are sure to be fraught with palpitating thrills through every moment of play. Sunday's demonstration to the roaring Angels was the greatest ever tendered a ball team at Washington Park during a season's play. A crowd of 10,000 fans almost went wild with delight when Killefer scored the winning run in the last inning of the second game.

\*\*\*\*\*  
FEARS ANGELS.

\*\*\*\*\*  
Killefer undoubtedly fears the Angels more than any other club in the league and will strain every energy he possesses to cop the game this afternoon. Knowing that the Bengals are unquestionably weak against left-handed Killefer will send either Curly Brown or Porter Thomas against Vernon.

\*\*\*\*\*  
An undercurrent of opinion has trickled through the league circuit (this year) that the jungle babes are half whipped the minute a left-chucker casts his glove into the arena against them. In most cases the winning of the first game of a series is tantamount to the copping of said series. Therefore, this afternoon's scrimmage should be a heart crusher from start to finish.

\*\*\*\*\*  
LIES RIGHT HERE.

\*\*\*\*\*  
Unless all signs fail and the Angels fall to the leeway, the big struggle for this year's contention lies right here among us. The season runs along five weeks more. If Killefer can climb this week's series he will have a better chance to come down the last quarter like a prairie fire fired with gasoline. The Angels are all at top speed just now and will go into this battle with every nerve and sinew screwed up to the sticking point. Well, here's how, boys, and may the best man win.

\*\*\*\*\*  
CARDINALS BEGIN FOOTBALL SEASON.

\*\*\*\*\*  
Football practice at Stanford University will start tomorrow for both freshmen and varsity candidates, according to a letter received here from Duffy Sear, former Cardinal crack who will coach the Cardinal peagreen squad this year. Though Stanford doesn't open for the fall term until October 1 Sear is anxious that the word go forth that he and Varsity Coach Powell are both on the job and ready to welcome all comers. The "fresh" season closes November 13, and as the California babes have already had a two week start on Sear's side, the former Orange and Black star is itching under the collar.

\*\*\*\*\*  
Sear reports that Powell, who coached Montana State last year, looks like the goods.

\*\*\*\*\*  
EAST MEETS WEST IN GOLF CONTEST.

\*\*\*\*\*  
[ST. A. P. NIGHT WIRE] CHICAGO, Sept. 13.—Mrs. Hathaway Watson, president of the Women's Western Golf Association, today announced plans for an annual match between women golfers of the East and of the West. The matches will be held preliminary to the women's national championship, the first to be played next month over the Mayfield course at Cleveland. Each team will have nine players and two substitutes.

\*\*\*\*\*  
JESSON TO COACH LOYOLA GRIDDERS.

\*\*\*\*\*  
Ralph Jenson, the handsome assistant of Otto Merpall in the Spalding sporting emporium, announced that he has taken up the coaching duties at Loyola Junior College, where he expects to turn out a gold-digged good football team. Ralph coached the Oxy freshmen last year, and pulled a nifty job of it, his team losing to the U. S. C. frosh in the big game of the season by a solitary touchdown.

\*\*\*\*\*  
VALLEY LEAGUE TEAMS TO PLAY.

\*\*\*\*\*  
[SPECIAL CORRESPONDENCE] TULARE, Sept. 13.—Teams of the San Joaquin Valley Baseball League will battle for honors in this city in a series of exhibition games at the Tulare County Live-stock and Agricultural Show September 14, 15, 16, 17 and 18. The local grounds are being pronounced by experts to be among the best in the valley and in a class with the finest in the State. The club standing at present is:

\*\*\*\*\*  
NAB GAMBLERS IN CHICAGO STANDS.

\*\*\*\*\*  
[EXCLUSIVE DISPATCH] CHICAGO, Sept. 13.—Five men were arrested in the bleachers at the Chicago and Washington game today charged with gambling.

## PINCH HITTERS ARE IN DEMAND.

Such a Man Would Have Boosted Giants' Hopes.

Pittsburg Outfield a Sweet Combination.

Ken Lilly is Being Saturated With Baseball.

BY HARRY A. WILLIAMS.

\*\*\*\*\*  
[EXCLUSIVE DISPATCH] NEW YORK, Sept. 13.—Clean-up hitters are in great demand in the majors and extremely difficult to obtain. By this is meant not merely a batter who can step in third or fourth and hit a consistent .350, but a crashing, long-distance hitter, who can be depended on to dash out doubles or longer drives with reasonable regularity.

\*\*\*\*\*  
Such a hitter would have enabled the Giants to win the pennant in all probability before the middle of September, while the lack of one may have cost Pittsburg the flag. McGraw would have given any amount up to a quarter of a million dollars for such a player. While George Gibson does not have the financial backing to offer any such sum, he doubtless would have given a fancy figure. The Pirates, probably more than any other club with pennant pretensions, needed a player of this type. This alone prevented them from measuring close to championship caliber despite erratic tendencies at short.

\*\*\*\*\*  
The Pittsburg outfield is one of the sweetest working today, and there are some who would select it as the best in either league. Defensively, it has caused batters to despair, while it has speed and driving power of its own in attack.

\*\*\*\*\*  
Coast League fans recall the speed of George Cuthshaw, Warner Oakland second sacker. Sheer speed was one of his outstanding assets. Before entering professional baseball he was a college sprinter. Now George has not slowed down appreciably, but on the Pittsburg club he gives an impression of having lost much of his speed. Cuthshaw, in reality, is slow only by comparison. In the batting order he follows Babe, Carey and Southworth. When these fellows make George look sluggish going down to first or on the bases, you can get some appreciation of their speed.

\*\*\*\*\*  
Highest and Southworth, flanking Carey, are western boys. The trio play fairly deep in the big Pittsburg outfield and seem equally good at coming in on a ball or going back. About the only way to hit safely into the Pirate outfield is to drive the ball to the ground, or just over the infielders with a short line drive. Fred Nicholson, reserve outfielder, is a hard hitter, and better than an average fly chaser.

\*\*\*\*\*  
Wilbur Cooper, southpaw ace of the staff, is the most finished left-hander in either league. The form of his delivery is practically perfect, and he appears to pitch without apparent effort. This comes from the deceptive nature of his delivery as the lack of apparent effort gives the impression that he has nothing, whereas he puts a world of stuff on the ball. In matter of form and ease of delivery he is to left-handers what Alexander is to right-handers.

\*\*\*\*\*  
Ken Lilly, for several years a baseball star at Stanford, and later the Mission League's star at San Francisco, is being carried about the circuit by the Giants. He was signed recently on the recommendation of Dick Kinsella. McGraw's system is to keep a youngster on the bench at least a year, and allow him to saturate himself with baseball wisdom, as was done in the case of Snodgrass, Burns and others. Lilly will get his chance next spring.

## WOMEN TENNIS STARS SURVIVE.

(Continued from First Page.)

\*\*\*\*\*  
round before she went down before Mrs. Wightman, the champion. Miss Zinderstein simply romped through her match with Miss Margaret Weiner in the second round, winning by a score of 6-0, 6-1.

\*\*\*\*\*  
MISS BAKER WINS. In a match that saw both girls making almost continual use of the chop stroke, on ground strokes, on volleying shots and even on service at times, Miss Baker, the latest of the Californians to visit the East, was in much better stroke today than I have seen her at any time in the last two weeks and her control was very good. After watching her work this afternoon it is not difficult to understand her high ranking on the Coast. Tomorrow Miss Baker will face a worthy opponent in the person of Miss Marguerite Davis, Northwester champion, and here we should see a pretty struggle.

\*\*\*\*\*  
Miss Goss looked very good in her match with Mrs. W. F. Newhall of Germantown, winning by a score of 6-0, 6-1. The tall West Side girl moved up to the net to finish off her points with severe smashing and aggressive volleying, but Mrs. Leroy is going to force her to a swifter pace tomorrow, judged from her work against Mrs. Edward W. Lynch of New York this afternoon.

\*\*\*\*\*  
Mrs. Leroy won the match by a score of 6-2, 3-6, 7-5, after a series of long and bitter driving duels from deep court. There was more variety to Mrs. Lynch's game, but she lacked her opponent's great steadiness and court-covering ability and in the last few games she tired pretty badly.

\*\*\*\*\*  
Preliminary round results, included: Mrs. R. M. Leachman, California, defeated Mrs. Sidney Wolf, Harrison, N. Y., 6-3, 7-5. Miss Helen Baker, California, defeated Miss Corinne Gould, St. Louis, 6-0, 6-1. Miss Eleanor Tennant, California, defeated Mrs. E. B. Gibbs, Swarthmore, 6-3, 6-4.

\*\*\*\*\*  
VARDON AND RAY BEAT OPPONENTS.

\*\*\*\*\*  
[EXCLUSIVE DISPATCH] CINCINNATI (O.) Sept. 13.—Harry Vardon and Ted Ray, British golf champions, today beat Templeton Briggs, Cincinnati city champion, and Al Baumgartner, former city champion, 1 up.

# Pulling Power of PIERCE-ARROW 2-ton, 3½-ton, 5-ton Dual Valve Trucks

The Dual Valve principle produces greatly increased power, surprising operating economy and a surpassing performance.

INCREASED valve area facilitates the intake and exhaust of gas while the double ignition assures complete combustion—delivering the full power of the explosion and saving gasoline. In effects important saving in operation and maintenance and increased efficiency.

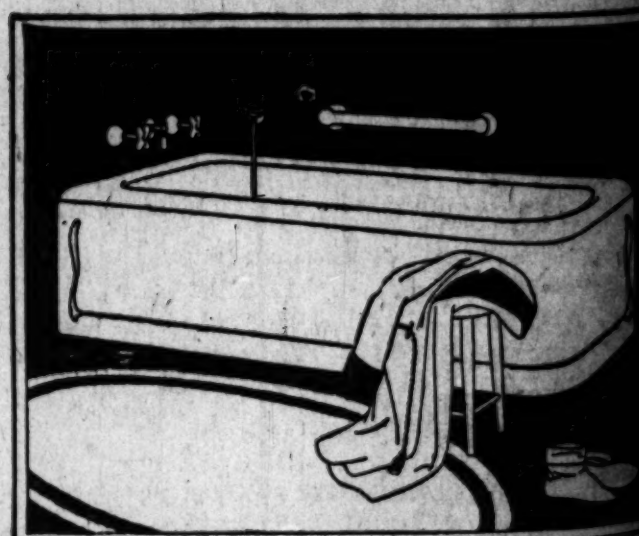

OTHER advantages produced include accessibility to quick repairs and easy operation—both vital to time saving and reduction of labor costs. This has been accomplished without sacrifice of durability, long life or continuous operation—pre-dominant Pierce Arrow characteristics.

48 of the FIRST FIFTY trucks still running after 9 years' service.

Quick, clean, comfortable shaves

ONLY with a stropped razor blade can you get a really satisfactory shave every morning.

Know the joy of a fine, keen edge for every shave—use the AutoStrop Razor, the razor that sharpens itself.

Built right into the frame of the AutoStrop Razor is a remarkable self stropping device—simple and efficient. You don't have to take the razor apart nor even remove the blade, for you have in the AutoStrop Razor a safety razor and stropping device combined in one. Just slip the stropper through the razor head and move the razor back and forth along the stropper. In 10 seconds you have a new, sharp shaving edge! 500 cool, comfortable shaves are guaranteed from each dozen blades!

Ask your dealer today about the AutoStrop Razor trial plan.

AutoStrop Razor —sharpens itself

On razors, stroppers, blades, etc.; hereafter manufactured by us we shall apply the trade mark "Valer" in addition to the trade mark "AutoStrop" as an additional indication that they are the genuine products of the AutoStrop Safety Razor Co., New York.

weave. 45 inches wide. \$1.25 value for  
\$1.00. Fourth floor.

## SHOOTING ENDS DEAL IN BOOZE?

Two Italians at Death's Door  
After Offer of Sale.

Wounded Bystanders Scatter;  
Hide in Own Homes.

Affray May be Connected with  
Hold-up, Police Think.

With two Italians lying at the point of death following what is said to have been a drunken brawl, the same in which several other men said to have been injured in the same fight ambushed in their homes, police detectives last night were confronted with a mass of plots and counter plots. The quarrel is the outcome of squabbles in the local Italian colony and promised to throw light on several recent hold-ups, the police say.

Roy Giardino of 1270 East Forty-sixth street is at the County Hospital with a bullet wound through his right temple. The bullet is in his head. Surgeons are endeavoring to X-ray to locate it and determine if an operation can save his life.

Jack Blandino, 33-year-old owner of a pool-room at 2125 East Ninth street, who lives at 2304 East Damon street, lies on a cot in the Receiving Hospital with a bullet wound in his abdomen. Police Surgeons Goodrich and Beggs operated on him late last night. His condition is very serious.

Both men were shot in a fight at the East Ninth-street pool-room according to witnesses, several other men were shot in the fight, but were not badly injured and were able to run away.

Blandino made a statement at the hospital to Detective-Sergeant Mart in which he stated that Giardino shot him while he was held by a friend of Giardino's. He then broke away from the man who held him, got a revolver and shot Giardino, he related, and when he refused, the argument started.

According to Blandino, he was in his pool-room when Giardino, with two other men, drove up in an automobile and entered. They asked him if he would like to buy some wine and whiskey, he related, and when he refused, the argument started.

Giardino was conscious for only a few minutes when he was brought into the Receiving Hospital. In answer to a question, he said he had shot himself. He was later removed to the County Hospital in order that X-rays might be taken.

Working on the theory that Blandino may have been shot as the result of a "black hand" plot of men who feared that he would give information to the police that would lead to their arrest, Police Detectives Jarvis, Hamilton, Mart and Ziesler are trying to learn whether Giardino had any connection with one who swindled S. Masquerelli of Utah and Summit streets, out of \$800 two months ago and a fake whiskey deal.

Detectives believe that this same gang held up Joe Gallero, a truck driver of R.F.D. No. 7, West Fifth street, at East Fourth and Mateo streets, a month ago and robbed him of \$25, drove his truck away, unloaded the booze from it and sent it back to Fourteenth and Alameda streets.

## REFUSES TO TELL STORY OF WEDDING

Second Wife Granted Right  
to Keep Quiet at Husband's  
Trial on Bigamy Charge.

Love won the first round and the fury of a woman wronged played second part yesterday in the hearing of Bert F. Allenquist, who appeared before Justice Brown on a charge of bigamy. Wife No. 1 sought to have the defendant prosecuted for leaving her and marrying again without the formality of a divorce, and wife No. 2 came to his aid by refusing to testify, on the ground that her answer might tend to incriminate her.

Mrs. Jennie Allenquist, wife No. 1, testified that she married the defendant on March 30, 1905 in Chicago, that he left her four years ago and had not written to her for the past two years.

Mrs. Alice Wright-Allen, who is said to have married the defendant when he was going under the name of Herbert Floyd Allen, on January 28, last took the stand when called by Dep. Dist. Atty. Heinicke, but when the defendant's attorney, S. S. Hahn, interposed an objection on the ground that the woman's answer might tend to incriminate, she said she would refuse to testify.

Rev. James I. Myers, who is said to have performed the second marriage ceremony, was unable to identify the couple as having been married by him.

Following a verbal tilt between the attorneys, the case was continued until October 6, for further testimony.

## JAIL BREAK PLOT FOILED.

(Continued from First Page.)

Indictment of several other persons it is thought some influential persons who would benefit by his escape planned the jail break.

Brooks is declared to have passed himself off as a favorite of the royal family in England and on the strength of this is said to have swindled the Citizens' Motor Car Corporation at Cincinnati, O., out of an expensive automobile and transported it to California. He also is accused of auto robberies in other cities.

Conlogue is being held, according to the police state, for authorities in Tacoma, Portland, San Francisco and Long Beach on bad check charges.

Capt. Gallagher last night asserted that a lax method used in issuing visitors' passes is responsible for the near success in the attempted delivery.

## A Charming Setting for a Well-Planned Meal

—is sure to put the luncheon or dinner guests in a happy mood which will make the affair one long to be remembered as one of the bright spots of the social season.

The setting may be like the one pictured above, where an Italian draw-board table lends its quaint dignity to the occasion. The serving tables, sideboard and chairs are in keeping with the spirit of the table, and the whole suite is, of course, of antique walnut.

Drawboard tables are much in demand for the dining-rooms of the Spanish and Italian type of homes which we Californians are finding suitable to this locality. For that reason, Barker Bros. are showing a number of dining tables of this particular type in a pleasing variety of patterns.

Many other happy inspirations for furnishing your dining-room successfully are involved in the assortments of dining-room furniture on Barker Bros.' floors.

### Illustrative of the Price Advantages to Be Found Here—

—are these really extraordinary values?

**Hepplewhite Dining-Room Set,** consisting of seven pieces—table, four side chairs and two arm chairs—a product of Grand Rapids, complete at .....\$360.00

**Ten-piece Dining-Room Suite** of mahogany, consisting of dining table, serving table, six side chairs and two arm chairs—after the Hepplewhite period style, complete at .....\$549.00

**Dining-Room Suite** of walnut, of Sheraton design, ten pieces dining table, sideboard, side table, china cabinet, five side chairs and one arm chair, complete for...\$695.00

## "I've Found the Loveliest Linens at Barker Bros."

—says the happy woman who has come, has seen and has purchased some of the bounteous linen values here. The quality of Barker Bros.' linens is above the ordinary and the prices are pleasingly moderate.

For instance:

There is an exceptional grade of Loom Damask at \$1.00 per yard.

Thick Turkish Towels of goodly size at 49c cents; Turkish Towels, size 18 inches by 37 inches at 37½ cents.

Besides many other equally advantageous offerings.

## Beautiful Effects in Panel Decorations

—which many people think are just as attractive as hand painting, are worked out with various wall papers in the Wall Paper Department, while the patron looks on, criticizing and suggesting.

The colors are said to be as soft as any a fresco decorator could produce. Papers with silken surfaces, or having silk stripes, or softly colored chambray papers are used with charming results.

Soft, velvety flock papers, or stipple-tone effects are rich in color for the living-room, library or hall.

You will find the business of decorating the walls of your home a pleasurable occupation if you avail yourself of the excellent assortments and service at Barker Bros.

NEW YORK STOCK EXCHANGE

(BY A. P. MIGHT WIRE.)

NEW YORK, Sept. 13.—Dullness and an uncertain movement of prices were the salient features of today's stock market, observers of the Jewish holiday accounting largely for the smaller dealings.

The stronger reserve showing of the Federal Reserve and clearinghouse banks impelled some short covering at the outset when part of last Saturday's losses were recovered. In the main, however, declines prevailed among leaders of the industrial and special groups. Sales amounted to \$10,000,000.

Recent anomalous conditions in the market for foreign exchange continued, remittances to London, Paris and other international centers recording further declines. A new low rate of \$2.45 for demand sterling was established.

Gold imports of \$4,000,000 were received from the French account, with an additional \$2,000,000 from South America, via London. From this last source the inflow so far approximates \$20,000,000.

All the day's call loans were made at 7 per cent. Very little time money was obtainable at 8 1/2 to 9 per cent for sixty and ninety days, no over-year loans being reported.

There was fairly active trading in the new French eight, which made the new record of 102 1/4, reacting later to 101. Liberty issues again lost ground, but the general domestic list was steady. Total sales, par value, \$2,800,000. Old United States 3s and 4s rose 1/4 per cent on call.

STOCK QUOTATIONS IN NEW YORK CITY.

(Compiled by Lewis & Sons, Members New York and Boston Stock Exchanges, Van Ness Bldg.)

NEW YORK, Sept. 13.—Following are the closing prices, sales, and high and low quotations today:

# We Believe In 7% California

We have persistently and consistently dealt in and offered California securities. We believe values are sounder in California than in most any part of the United States, because California has not yet, by any means, reached the apex of her growth. And until she does, there must be a gradual increase in values.

Just as surely, California is just beginning to feel the urge of industrial development and the impetus of foreign commerce which her vast position supplies her to. She will grow and grow for many years to come.

When in California, and we believe thoroughly in our California securities. The money they represent goes to the unbuilding of California. The security back of these securities is as good as it can be seen and judged for what it is.

Buying of Mortgage Trust Certificates of the Cudahy Walnut Land Co. and the Washington Square Land Company, is particularly attractive. The Mortgage Trust Certificate represents a First Mortgage on selected new dwellings occupied for the time by their owners. Certificates are in even denominations, with payable quarterly by coupon, at the Citizens Trust and Savings Bank. They may be exchanged at the option of the holder on cash in the Citizens Trust and Savings Bank. Trusts for Industrial Mortgages.

These securities are the last word in First Mortgage investment. Investment and simple. There are no bothersome details to look up. We will show you the property, leave the value of the security to your judgment and you can see for yourself what it is. This is where the great advantage of a California security comes in—when you just what you are buying, and can watch it all through the entire investment.

Write or call for particulars.

## Congoleum Company

### Save \$13,846.85 by Credit Insurance

The Congoleum Company of Philadelphia are familiar to everyone as the manufacturers of a world-famous floor covering. This progressive concern recently had extensive experience with the American's Credit Insurance. They write:

"We acknowledge payment from your Company of Twenty Thousand, Eight Hundred and Forty-six Dollars and Eighty-five Cents (\$13,846.85), in Interim payment of a loss we sustained on one of our customers' orders, at the time the goods were shipped, the very day of payment.

"By means of your Interim Payment Policy of Credit Insurance, we are able to place such amounts as we require under the Policy into the active working capital of our business, and the Policy to remain in force until we are indemnified, for any further losses we may possibly incur hereafter.

"The service of your form of protection is of great advantage to us."

Manufacturers and wholesalers, an inquiry will bring you full particulars of The American Company's Interim Payment Policy, without a bit of obligation.

Pays to Policyholders about \$10,000,000.00

AND W.S.S.

**YELLOW TAXI CAB**  
**9% Per Month**

Are you informed that Yellow Taxi Cab of Chicago stock has earned dividends of 9% per month, and that the issue is regarded as one of the best paying industries in that city.

Yellow Taxi Cab of Los Angeles should equal, if not surpass, the success attained by Eastern Yellow.

The stock is still obtainable at \$10 per share and should be purchased promptly. We regard it as a truly unusual opportunity to become interested at the initial price when we believe will be one of the most substantial and profitable of Los Angeles' industries.

**MORTGAGE BOND** on farm lands, the surest form of real estate security. The set rate of interest is 7%. We also give as a speculative feature a bonus with each bond. This should increase the income from the investment materially. Consult us regarding your investment.

## GO AHEAD WITH RAISIN CHARGES

Officials Preparing Suit in Spite of Phelan Plea.

Anti-Trust Case to Come Up in Court Next Monday.

Injunction Now Means Ruin, Defendants Declare.

Preparation of the government's case for dissolution of the California Associated Raisin Company of Fresno under the Sherman antitrust law was carried on yesterday by Asst. U. S. Attorney Lawson and Asst. Atty.-Gen. Atwood, without anything developing to show that the plea of Senator Phelan to Atty.-Gen. Palmer, asking withdrawal of the suit, has had effect in official quarters.

The case is to come before U. S. District Judge Bledsoe next Monday on an order to show cause why a temporary injunction should not issue.

On the part of the defendant company it will be declared that as the organization is co-operative, with 90 per cent of its membership made up of growers of raisin grapes, it does not come under the category of corporations amenable to the Sherman law.

In the preliminary hearing before Judge Bledsoe Monday it will also be asserted, on the part of the growers represented in the membership of the association, that to enjoin the operation of the organization at present would mean financial ruin as the harvest is now in progress and the grapes will be a total loss if activities are interfered with. It is also stated that if there are any legal weaknesses in their organization that should be remedied they are willing to make such changes as may be proposed by the government.

U. S. Attorney O'Connor went yesterday to San Francisco, where he will be most of the week, presumably to discuss the case with former U. S. Attorney Preston.

**Three Firemen to Get Medals for Gallantry.**

Upon recommendation of Chief Scott of the fire department, the City Council will make an appropriation of \$22.50 with which to supply honor medals to Capt. E. A. Gripp, Lieut. H. F. Griffin and Fireman Mario Scarabosio, for gallantry in the performance of their duties. All three were cited for bravery in that they risked their lives to save life and property.

Mr. Scarabosio's act created a sensation in this city in September, 1934, when he rescued a child from a burning house in which a crazed man had murdered his wife and wounded a child.

Capt. Gripp and Lieut. Griffin entered the basement of a building filled with fumes of ammonia and at the risk of their lives rescued a number of persons trapped there.

**STOP LOAD OF CHINESE.**

Border Guards Make Arrests; Charge Smuggling Scheme Tried.

Jose Pais of Brawley and Martin Antunas of Mexicali, suspected of being contraband runners, were captured yesterday by Immigration Inspectors Morris and Hubbard of the Calexico office at Kane's Springs, near the Salton Sea, in a big automobile with a load of five Chinese who, it is charged, were being brought illegally into the country. The supposed smugglers and the Chinese were placed in the County Jail at El Centro and will be brought to Los Angeles today.

Alfred Burnett, immigration inspector in charge, is authority for the statement that both Pais and Antunas have made full confessions of their part in the trip.

The capture developed the fact that some of the higher-ups have opened up business in Los Angeles. Heretofore, the nest of the big dealers has been located in San Francisco. The confessions of the two prisoners, the officers say, have shown that the delivery of the five men was to be in Los Angeles, and the price to be paid was \$250 each.

**CELEBRATE THURSDAY.**

Mexicans Here Plan Picnic at Park to Observe Independence Day.

Ralph P. Dominguez, president of the Mexico-Spanish-American Club, and C. C. Moreno, secretary, have completed arrangements for Mexico's Independence Day celebration on Thursday at Seelig's Zoo Park. It is expected that 10,000 persons will be present to enjoy the varied program.

Among the features will be the singing of "The Star Spangled Banner" by Mrs. Eleonita Sepulveda, a member of one of the oldest California families. C. C. Keio of the Los Angeles High School will speak on "Americanization" and Frederick Jones, naturalization examiner, will talk on how to become an American citizen. Other speakers will be J. E. Saena, the Cuban Consul; Frank E. Dominguez and others.

President Dominguez requests that all corporations and contractors employing Mexicans as laborers give them an outing on that day.

**IGNORE COURT: GO TO JAIL.**  
Judge Taft yesterday committed Charlie Brown to the County Jail for one day for failing to comply with a court order growing out of the divorce suit brought by Mrs. Macy Brown. In Judge Cralf's court Paul E. Adams was sent to the County Jail for five days for failure to pay alimony to Regina A. Adams.

**HOUSEWIFE BANKRUPT.**  
Mary A. Wilcox of San Diego, who says she is a housewife, filed a petition in bankruptcy in the United States District Court yesterday. She gives her debts as \$21,349.55 and her assets as nothing. Among her liabilities is a judgment for \$1050 taken on account of her subscription to the Panama-California Exposition. The petitioner gives the names of thirteen creditors, but she mentions no amount.

## Sale of Women's Footwear 5.00

Today begins the second day of our remarkable Semi-Annual Sale which embraces hundreds of pairs of fashionable fall oxfords and pumps at a price that seems utterly out of keeping with the style and workmanship which each embodies.

Over twenty-five styles there are—lack of space permits only the mention of a few—black suede or brown kid southern ties, black or brown satin sailor ties, black suede five oxford oxfords with French heels, and the fashionable walking oxfords, tailored pumps and satin pumps. Sizes 2½ to 8 in the assortment, and remember, the price is only 5.00!

(Hamburger's—Second Floor—Today)

Hamburger's Open All Day Saturdays

**Hamburger's**  
ESTABLISHED 1881  
Home 10063 — PHONES — Bdwy. 1168

# Our International Exposition and Sale of Autumn Silks

As if by magic have these silken fabrics been assembled! From England, France and our own great piece there is the subtle appeal of color, and of texture, with here the luster of shimmering satin and the rougher weave quite new, and as alluring. They are arrayed before you as they never could be save in Hamburger's International Exposition and Sale of Silks.

## Black Silks!

### 36-Inch Black Silks

{4.95

**Dress Satins at 2.45 Yard**

Every fall shade is here so that afternoon as well as evening gowns may be fashioned of this shimmering material. The quality is so heavy and so lustrous that one is surprised to see it marked so very low. Width 36 inches. (Main Floor)

## MeteorSatin Crepe, 3.65 yd.

So lustrous in the brilliant colorings as to enchant one! As its name reveals there is all the beauty of the satin's brilliancy, yet the individuality of crepe. There are 17 colors, 40 inches wide.

**Charmeuse de Lyon 4.95 Yard**

Every fall shade is represented in this most softly draping fabric of sparkling beauty. The 40-inch width is priced at 4.95 a yd.

**Mirror Satin 2.95 Yard**

Undergarments made of mirror satin and dainty laces have no superior. This shimmering satin is 36 inches wide—2.95 a yard.

**Imitation Caracul 6.95 Yard**

For coats few things serve so admirably as does caracul—and, since this is black, women may be the proud possessors of scarfs made from these pieces, 60 inches wide.

**Satin Marchioness 3.65 Yard**

Both street and evening shades, in all their gleaming beauty, attract one. The opalescent tones being very new. Width, 36 inches.

## Handsomeness Silk Shirtings, 2.95 a yard

Beautiful contrasting stripes make these shirtings most distinctive. Among them our handsomest silk broadcloth, crepe de chine, in jersey and rayon.

**Lining Silks 1.85 Yard**

An old suit is made new by linings such as these—and a new costume made the lovelier by the use of them. Gay patterns, 36 inches wide.

**Satin de Luxe 2.95 Yard**

So variant are the colors, ranging from somber street shades to brilliant colors for evening, that one's choice is almost unlimited. Width 36 inches.

(Hamburger's—Main Floor—Today)

## Kerr Mason Fruit 95c Dozen

Right at the height of the canning season, Kerr Mason fruit jars are in demand. Hamburger's is offering regular Kerr quart jars (not wide mouth) at reduced prices to their customers. Special one hundred dozen lot, at 95c dozen.

Visit the fourth floor and see their "canning pack" way, as demonstrated by an expert at the Kerr factory.

WILSONIAN WATERLOO

Republican Victory Now Predicted.

Reputation of President by Pine Tree State Death Knell of Bourbons.

Officialholders Preparing for Hagira in November; Only Hope is in West.

BY ARTHUR SEARS HENNING.

(EXCLUSIVE DISPATCH)  
WASHINGTON, Sept. 14.—The Republican landslide in Maine, which has been predicted since the disclosure of public opinion in this State election.

Party complete returns of the Maine election gave Frederick H. Parkhurst, Republican, tonight a plurality of 55,375 over Bertrand G. Wilson, his Democratic opponent for Governor. With returns missing from only five towns and five precincts, which cast an aggregate of 38,000 four years ago, the vote of 1935 today also increased margin.

Wilson today also increased margin by which the four Republican candidates for Congress carried election.

The result is an overwhelming repudiation of the Wilson policies by the voters of Maine could not be more complete. Administration leaders in the State had made the freest of the result, and stumped the State for an impending election. The net result was the President's son-in-law, Calvin Coolidge, the Republican nominee for Governor, Senator Lodge and other Republican leaders who had been attacking the Wilson administration.

**TUMULTUOUS ALIBI.**  
Now President Wilson feels about the signal repudiation of his policies by the voters of an entire State was carefully concealed by the fact that the Executive Committee of the Maine Republican Party had made the freest of the result, and stumped the State for an impending election. The net result was the President's son-in-law, Calvin Coolidge, the Republican nominee for Governor, Senator Lodge and other Republican leaders who had been attacking the Wilson administration.

Mr. Wilson, it was learned, would not go into the campaign, feeling that in a series of public appearances he could carry the message of "a referendum" on the League of Nations. But he felt also that he could project himself into the campaign without an express invitation from Gov. Cox, which so far has been refused.

Democratic leaders, like Secretary of State Hughes, had been prepared to claim a victory had the Republican plurality been held down to normal proportions. Now they are compelled to fall back on the hope that if Maine is not a swing State, the West will yet save the covenant and elect Wilson.

**THE WOMAN VOTE.**  
Whether the women of Maine voted more heavily "than the men" is not clear from the returns. Reports from Maine that about 58,000 women voted do not compare with the 1930 election. Comparison of the results is being made.

(Continued on Second Page.)

**FIFTY THOUSAND CAST VOTES FOR R**

ATGUSTA (Me.) Sept. 14.—Returns from the 50,000 Maine women voters are in. And at least 50,000 of the Republican women voted for the Democratic administration. Reports of the remarkable activity of the women in the campaign are being received from cities and villages throughout the State. The women are being urged to vote in the polls. To overcome the attitude of the women at all voting places to assist those who are not.

# growers!

Place some of your surplus funds with the Bank of Italy—"the fruit and vegetable growers' bank."

Co-operate with the institution that "backs up agriculture"—the bank that loaned OVER FORTY MILLION DOLLARS to the California growers and packers last season.

Your funds placed with the Bank of Italy will work directly for the agricultural interests of California. We believe in helping the farmers first.

The Bank of Italy is now the largest financial institution west of Chicago. It has Resources of \$150,000,000.00 and 210,000 depositors.

It is one hundred per cent Californian, does a statewide business and is under the double supervision of the State and Federal Governments.

24 Banks in 18 California cities.  
Member Federal Reserve System.

## "Not Today"

"Some other day when you don't smell so much like a garage." Such is the way of having your suit cleaned in the "cleaners." If he had only been wise he would have smelt of the "cleaners," because

## The Jenkins Process

would have left his clothes sweet and without a trace of odor. Special machinery has been installed at the City Dye Works to distill all the odor out of the ordinary process which most "cleaners" use. Next time you have clothes of any kind to be cleaned call South 120 or 27071 and our representative will call.
